GERARD TELLS OF THREAT

**U. S. Officials Grow Impatient Under
Enforced Detention of Am-
erican Vessels Here**

By ROBERT J. BENDER
(U. P. Staff Correspondent.)

Washington, Feb. 12.—President Wilson today formally notified Germany that the United States government can enter into no negotiations tending to avert an armed clash between the two nations until the new U-boat decree is withdrawn.

The president's communication, sent through Swiss Ambassador Rittler, representing the German government in the United States, was made public at the state department after it had been admitted overtures had been received from the German government.

This government declares it will gladly discuss anything with Germany but only in the event that Germany withdraws her U-boat decree of January 31 and renews her pledge made May 4 in the Sussex case.

ASKED TO SIGN A TREATY

**Gerard Sends Message to Wilson
of German Threat**

By CARL W. ACKERMAN
(U. P. Staff Correspondent.)

Berne, Via Paris, Feb. 12.—Germany is delaying a large number of American citizens in Berlin for possible retaliatory measures in case the United States declares war.

The German foreign office is trying to avoid war in America but is receiving little support from the German military party which long ago prepared for American hostilities.

Gerard sent messages to President Wilson today telling of Germany's threat to hold American newspaper correspondents in Germany as hostages unless the American ambassador would sign a treaty practically guaranteeing in case of war that German ships now in American harbors would be permitted to leave.

The demand was made to Gerard on Monday through Count Monge, chief of the American division of the foreign office.

Gerard, it is reliably reported, told the German official who brought this threat that if Americans were forced to remain in Germany, America would regard such action as cause for war.

Telling of these matters here today, Gerard said:

"I told the German officials I would sit there in Berlin until kingdom come and not leave until all Americans were permitted free exit from Germany."

MAY ARM MERCHANT MEN

Forced Detention of America Vessels Leads to This Step

By CARL D. GROAT
(U. P. Staff Correspondent.)

Washington, Feb. 12.—Administration officials began today to grow impatient over forced detention of American vessels in their home ports

because of Germany's U-boat war. This feeling appeared likely to hasten the solution of the question of armament for merchant men. The solution will probably be issuance of guns to merchant ships by the government.

Authorities felt Germany should not be in a position to say she had driven shipping from the seas through fear of her submarines. Despite talk of German attempts to stave off war with United States, this government doubted that Germany is prepared to modify her under-sea campaign.

The government has found that it must do something to help shipping or face condemnation for permitting shipping to lie idle while by all rights it can travel.

Reserve guns of the United States navy designed for use on merchant auxiliaries and merchant submarines probably will be available soon to American vessels who will brave the seas in the face of the German barred zone order.

The navy department has a number of these guns which it was said could be condemned or even loaned directly if necessary.

Officials admitted today that the American merchant ships will have to depend upon the navy for any armament desired. President Franklin of the American line has notified the department he has been unable to get guns from any other source.

DESTRUCTION INCREASES

(By United Press.)

London, Feb. 12.—Destructions of tonnage by German submarines showed an upward trend today, according to Lloyd's reports forwarded to the state department by Consul General Skinner at London. He reported 16,762 tons destroyed since the last report.

DID NOT FIRE ON BOATS

(By United Press.)

Berlin (Via Sayville), Feb. 12.—"No German submarine ever fired at life boats or will so in the future," declared an official statement today denying British versions of the sinking of the British steamer Eveston.

CITY EXPECTS ITS COAL BY TOMORROW

**Feeling Success of Project is As-
sured, Two More Cars are
Ordered for Same Use**

WILL NOT SELL IT TO FARMERS

The city is expecting its two cars of coal for the municipal yard to arrive tomorrow. Word has been received that the coal was shipped and Superintendent Mahin thinks the coal will arrive by morning. There is much suffering throughout the city because of the coal shortage and the two cars should relieve the situation somewhat.

Believing that the success of the project is assured, the city has ordered an additional two cars of coal. From indications the first two cars of coal will not last long. Despite repeated references that the city would take no orders and reserve no coal, four people were at the home of Mayor Bebout this morning early offering him the money for coal. The mayor did not take the money as the first come, first served will be the policy. Many farmers living near the city have also indicated that they intended to get some coal. They will be turned down as the coal is for city people.

The city has accepted the services of Leonard Clark and the coal will be weighed free of charge by the Rush County Mills.

DAVIDSON ON THE BENCH

**Makes up Issues Keisling-Bottorff
—Milling Company Case Today**

Thomas E. Davidson of Greensburg occupied the bench in circuit court this afternoon making up the issues in the case of Leonidas W. Keisling against Thomas E. Bottorff and the Enterprise Milling Company of Milroy. The suit is for the conversion of funds, the demand being \$10,000.

The claims against the estate of the late Riley Stewart were originally set for trial today but they were all dismissed Saturday, leaving a vacancy on the calendar.

FIRE CAUSES A LOSS OF \$1,500

**Blaze Originating in A. W. Wilkin-
son's Bakery Sunday Night is
Confined to Baking Room**

OTHER OFFICES DAMAGED

**Dr. J. B. Kinsinger Estimates Loss at
\$300; Jacksonian, \$100—
Burst Gas Pipe Cause**

Fire starting in the A. W. Wilkinson bakery last night threatened the Kramer building in North Morgan street and resulted in damage amounting close to \$1,500 to the bakery, the office of the Daily Jacksonian and the office of Dr. J. B. Kinsinger.

The heaviest loss was sustained by the bakery where the fire originated. Mr. Wilkinson today estimated his loss at \$1,100 with \$600 insurance. The damage to the Jacksonian office probably amounted to \$100 and Dr. Kinsinger's loss is placed at \$300. These two losers are fully insured.

The fire is believed to have been caused by a burst gas pipe. When first discovered about 7:30 o'clock the flames were next to the floor in the corner close to the gas meter. There was no fire left in the place except some live coals under the oven. It is believed that the room filled with gas fumes and that these finally ignited.

The fire department was handicapped at the first by a break in the hose and it was some time before any water was thrown on the flames. When first found chemicals could probably have put out the flames, but the chemical tank refused to work and it was necessary to throw water. The flames burned a hole through the partition into the Jacksonian office and the front office of the plant was damaged by water.

The fire was confined to the baking room of the bakery. The oven was ruined, a large quantity of flour and sugar was damaged beyond use and a large number of baking pans were ruined.

The damage to Dr. Kinsinger resulted from smoke and broken furniture. Fearing that the flames would spread to his offices every piece of furniture in the place was carried out and a large number of pieces were not treated kindly, being thrown out the windows into the alleys. As a result some of the furniture was broken.

Shortly after midnight flames were again found in the bakery. Then the fire was under the floor and it was necessary to cut a hole in the floor in order to reach it. The damage to the Kramer building resulted in \$75 damage and is fully insured.

CHINA BREAKS

(By United Press.)

London, Feb. 12.—China has broken off diplomatic relations with Germany, it was authoritatively reported here this afternoon.

FIRE CAUSES SLIGHT LOSS

**National Gate Co. Building Destroyed
—Year Ago, in Flames Again**

The National Gate Company sustained a \$25 fire loss this morning. An overheated flue ignited the walls and ceiling and for a time the entire building was threatened. The fire alarm system refused to work and the fire department would not have made the run except for a telephone call giving the location of the fire. The fire department put the fire out with chemicals. The Gate company's plant was destroyed by fire a little over a year ago and the present building replaced the one burned at that time.

THANKS SENATE FOR ITS SUPPORT

**President Wilson Sends Letter to
Upper Branch of Legislature
Because of Resolution.**

THREE BILLS PASSED TODAY

**Fifteen Bills Designed to Prevent
Graft Among all Kinds of
Officials Are Introduced.**

Indianapolis, Ind., Feb. 12.—President Wilson today sent a letter to the Indiana senate expressing thanks for the resolution adopted recently, declaring that Indiana would stand behind the president in the German crisis.

Many new bills were introduced in the senate and three passed during a short morning session. The bills passed are:

Representative Kimmell's providing a stringent anti-peeping law; Representative Dilworth's, raising the standard of Indiana national guard officers, and Representative McClaskey's, providing that property of extinct congregational churches shall be given to the Indiana Congregational conference. All of these measures have been passed by the house also and are now ready for the governor's signature.

Fifteen bills designed to prevent graft among county, city and township officials were introduced under the supervision of the state board of accounts.

The measures provide that officials who are receiving a regular salary can not accept fees for doing special work; making officials liable under bond for fees collected; making it a felony for public officials to accept money for employes working under them; bonding of the state veterinarian for \$10,000; forced advertising for bids before letting contracts; and the keeping of closer check on all money handled by officials.

THIRTEEN LIVES LOST IN HOTEL FIRE

(By United Press.)

Minneapolis, Minn., Feb. 12.—Thirteen lives are believed to have been lost in the midnight fire which destroyed the Kenwood hotel here. Firemen are searching the ice covered ruins for bodies believed buried in the debris.

Mrs. Lucille Squire was killed when she jumped from a third story window and struck the pavement.

A mob which attacked firemen who arrived without ladders was driven off with streams of water. Five persons were seen to fall into the flames when a ledge on which they were standing gave way.

MERCURY TOUCHES NINE BELOW TODAY

**Temperature Reaches Lowest Point
at Sunrise and Doesn't Rise
Much During Day**

TO BE JUST AS COLD TONIGHT

One of the coldest days of the winter was ushered in this morning. Last night was exceedingly cold and the mercury gradually dropped until it touched nine below at sunrise this morning. This was the official temperature given out from the weather station at Mauzy.

At six o'clock this morning it was eight below and in about one hour the mercury dropped. The day was cold throughout, eight above zero being the highest point reached. Tonight promises to be equally as cold as last night.

Saturday night the mercury dropped to two below zero. Thermometers in Rushville showed even a lower temperature yesterday morning, many registering as low as six below zero.

DRUGGISTS FIRST TO FEEL EFFECTS

**Parts of Prohibition Law Restricting
Their Sale of Liquor Effective
Soon**

PROBABLY IN APRIL OR MAY

**One That Really Applies in Rush
County Because There are no
Saloons to Quit**

Drug stores in Rushville and towns and villages in Rush county will be the first to feel the effects of the state-wide prohibition bill which has been passed by the Indiana legislature and signed by Governor Goodrich. While saloons do not have to quit business until April 2, 1918, the law provides many restrictions in the sale of liquors by drug stores which will become effective with the promulgation of the acts of 1917, probably some time in April or May.

The provisions prohibiting manufacture, barter, sale and transportation on common carriers will not go into effect until April 2, 1918.

The drug stores will be placed immediately under the effects of the law when the governor issues a proclamation declaring all laws not otherwise provided for to be in force. After that date, it will be impossible to buy liquor any place except a saloon, if the law is enforced. This provision of the law is the one that really applies in Rush county because there are no saloons here to go out of business. Liquor can not be obtained even on prescription at drug stores, because they are restricted to pure grain alcohol on prescription.

There are many prohibitory measures in the forty sections of the law, but none which will be felt more in dry communities like those in Rush county than that which effects the person who has been in the habit of keeping beer and other intoxicating liquors at home.

Within ten days after it becomes completely operative (April 2, 1918) the fellow who likes his occasional "nip" from his own refrigerator will have to go out of the state to buy it and will have to carry it in himself because he can not have it shipped into the state on any common carrier.

After April 2, 1918, those who desire to keep intoxicating liquors on hand, against his impending long drought, may retain, legally, only one gallon of intoxicating liquor or twelve quarts of beer or all wine manufactured by themselves for home consumption only. When this supply is

LINCOLN THEME OF SHORT TALK

"Americanism" of "The Great American" is Discussed by J. V. Masters at High School

PATRIOTISM IS AROUSED

Speaker Dwells With Special Emphasis on Lincoln's Keen Sense of Humor and Ready Wit

The Americanism of Abraham Lincoln was the theme of a brief address delivered by Professor J. V. Masters before the members of the senior high school at the opening exercise period this morning. The speech was designed as a commemoration of the birthday of "The Great American" and was presented so forcefully as to arouse both admiration and patriotism.

After reviewing concisely but thoroughly the early life and education of Lincoln, Mr. Masters launched into a discussion of the distinctive characteristics of the beloved president. He dwelt with especial emphasis upon his keen sense of humor and narrated several humorous anecdotes as illustrative of Lincoln's ready wit, which alone had enabled him to bear the responsibilities of the Civil War without breaking under the terrific strain.

The speaker likewise made special mention of the fact that Lincoln was recognized in England as well as America as the greatest master of English prose and asserted that his "Gettysburg address" was considered a model of succinct yet emotional writing.

Mr. Masters is head of the history department in the local high school and is noted among the pupils for his inexhaustible supply of interesting and humorous stories. His popularity was attested by the storm of applause which greeted his appearance and by the unbroken attention and spontaneous responses throughout his remarks.

PROGRAM IS POSTPONED

**Lincoln Address at K. of C. Hall Will
be Given Tuesday Night**

Announcement is made that the Lincoln Day program arranged for this evening by the Rushville council, Knights of Columbus, has been postponed until tomorrow evening. The address of the evening will be given by Hugh Wickes of Greensburg, who has taken for his subject, "Abraham Lincoln, His Spirit Goes Marching On." The speaker will be introduced by Douglas Morris of this city.

The meeting will be held in the Knights of Columbus hall in West Second street. There is no admittance fee and the public is cordially invited to attend. A special invitation is extended to patriotic societies.

CALLS LINCOLN SAVIOR

**Senator Watson Speaks at Lincoln
Memorial University Today**

(By United Press.)

Cumberland Gap, Tenn., Feb. 12.—Leading citizens from all parts of the country paid tribute to Lincoln here today in the Lincoln Day celebration at the Lincoln Memorial university.

"The guiding stars of our history are Washington, the founder, and Lincoln, the savior," Senator James E. Watson said. "Without the one the republic could not have been established. Without the other it could not have been preserved."

JURY RETURNS A VERDICT FOR GARY

John A. Gray Loses Suit he Brought Against Rushville Attorney for \$5,000 Damages

TWO BALLOTS ARE TAKEN

After deliberating five hours, the jury which heard the damage suit of John A. Gray against A. L. Gary, attorney of the city, in the Shelby circuit court, returned a verdict for Mr. Gary. Gray asked damages in the sum of \$5,000 alleging that he was damaged by Gary claiming he received the wrong legal advice.

The jury took two ballots. It is understood that the first resulted in a vote of ten to two for Mr. Gary and then the jury agreed on the next ballot. The case started last Tuesday and presented many interesting questions. The action for damages was based on the alleged malpractice of the attorney.

The issue resolved itself into a three cornered fight, the testimony of Gray, Charles Markle and George Gray being against that of Mr. Gary.

INFANT MAZE DEAD

Lowell Maze, the one-year-old son of Mr. and Mrs. Fred Maze, died Saturday afternoon at their home in Homer following a few days' illness from bronchial pneumonia. The funeral services were conducted this afternoon at two o'clock in the Homer Christian Union church and burial took place in the Hurst cemetery.

A marriage license was issued Saturday afternoon to Louie Bradburn and Jennie Cox.

Thomas A. Edison Wants You To Hear This Test

Tuesday Evening, February 13 at 8:15, United Presbyterian Church

Music's re-creation! A reproduction of the human voice from the phonograph which the ear cannot distinguish from the living voice! Has Mr. Edison accomplished this miracle at last? Come—hear this astonishing test—and judge.

Miss Helen Clark, the popular concert Contralto will be here, at Mr. Edison's request, to offer you the only evidence by which you can really judge. She will sing side by side with Mr. Edison's re-creation of her voice! See if you can tell, without watching the motion of Miss Clark's lips, which is the living voice and which the re-creation.

What Is Your Judgment?

Mr. Edison insists upon this unique and daring test. For it tells more than the most vivid words can express. Its convincing frankness sweeps away all doubt. Mr. Edison wants your true judgment of his new musical art. He wants the judgment of every music lover. Has he re-created music? Has he eliminated all mechanical blemish? Has he preserved the living tones in all their reality?

He puts the original and his re-creation before you—side by side. He hides nothing. Asks no allowances. He dares to make the vital test that no one else but he has ever ventured. And he asks you to decide.

Call or Write for Complimentary Tickets

We want all music lovers in this community to hear this interesting and convincing test. Complimentary tickets will be distributed to those who apply in person at our store or by mail. You and your friends are urged to attend. Mr. Edison recommends that children under three years of age be not admitted as they do not realize that they can mar the intent of this recital by crying or talking. We advise you to apply early before all tickets are exhausted.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Possibilities of Our Soil

No feature of the present day education is more potent for good to this country than that now being accomplished by the various agricultural schools, experimental stations and farms.

Twenty years ago the "book farmer" was looked upon as a visionary by a large per cent of our farming population, and is even yet so regarded by some, though happily their number is small.

Now the man who intelligently studies his soil with a view to determining its value is coming to the front as an authority on matters agricultural. And the reason this is so is because his theories have brought forth fruit in fact.

Nothing is more certain than that this country is woefully behind in farming efficiency. For years our farming experts have been pointing out to us the fact that our lands are not producing a half, not even a third, of the crops that bountiful nature intended they should yield. One has only to cite the case of Germany to see the full force of this

statement. Germany is not as large as the state of Texas, yet Germany today is supplying her civil population and her vast armies almost entirely from the products of her own soil.

But Germany and other old world countries have for years practiced intensive farming, a system that is only just beginning to prevail in this country.

Instead of being merely an experiment, intensive farming should be the rule. Nothing more fully demonstrates the truth of this statement than a glance at the results obtained by the many corn clubs of the country. From all directions come reports from these organizations, where the enormous yield of 200 bushels and more per acre has been attained. Not only this, but the reports coming from all sections of the country are proof that almost any of our soil is susceptible to just such improvement.

Then there is another important feature to these big corn yields. It has been shown that they can be produced at a substantial profit over and above the cost of preparing the land for their production. Careful records have been kept of all expenditures, and in almost every instance the proceeds have much more than paid the cost of bringing the soil to its present state of fertility.

If these results can be obtained from an acre, or two or three, why not from ten, or fifty, or a hundred acres? If they can be obtained from EDIT GAL TWO.

The deplorable truth is that too many of our farmers are "necessity" farmers. They ask themselves, "How much do I need?" and then proceed to satisfy that need, and no more. They should rather ask, "How much can I get?" and then get all they can.

It has been estimated that America could feed the world if all her soil were made to produce to its full capacity.

What that capacity is, we are only beginning to discover.

Saint Valentine

It would be an interesting subject for speculation, how far the youth of today distributes sentimental love offerings on St. Valentine's day as his father did before him. Modern young people are keenly alive to absurdities, and the old fashioned sentimental valentine probably would seem ridiculous today.

Most middle aged people, men at least, have memories of Feb. 14, exploits in the period of their teens. It was a time to approach with bated breath. You were desirous of expressing your devotion to your innamorata, and anxious as to how far she would be gracious. The choice of a suitable valentine was a matter of solicitous thought.

The favorite valentine of those days was a lacey sort of affair, beautified by elaborate paper cutting and perforation, decorated with gorgeous Cupids and hearts, with pictures of clergymen and churches in the background to suggest the goal of marriage. Hard earned pennies were cheerfully given up for these artistic productions. How one's heart throbbed when finally the love lorn message had been committed, to the post office, and was on its way to its adored destination.

A hasty glance at the present day stocks of valentines does not show much of this kind of thing. St. Valentine's day has become a time when young folks instead of sending one valentine only to some preferred lover, exchange a lot of post cards wholesale.

The young people of today seem a little more normal in the matter of precocious affection. The boy and girl of years ago were too much concerned with the other sex for their own good. Today athletics and social activities take up time and attention in a more wholesome way.

We just can't lose sight of Caranza. No sooner did the shadow of Germany darken our horizon than the old duck conveyed his profound admiration and good will to the kaiser. And everybody laughed.

It is possible, though, that we may face the problem of getting our own boys "out of the trenches by Christmas."

If it is a fact that housewives will soon be unable to serve cabbage, we at least have the consolation of knowing that we will be rid of the smell.

GOODRICH BILLS TO COME UP NEXT

Legislature is Expected to Give Attention to Administration Measures on Meeting Today

SUFFRAGE BILL IN WAY YET

Aldredge Measure Will be Withdrawn From House and Maston Bill Substituted For It

(By United Press.) Indianapolis, Ind., Feb. 12.—With but three weeks more for the legislative session to continue, both houses on meeting to day were expected to give administration measures immediate attention. Gov. Goodrich is known to be greatly dissatisfied with the poor showing which the legislators have made thus far on bills which the republican party platform and the governor advocated during the campaign.

Under the circumstances the legislators believe they have a good excuse for their seeming neglect of administration bills, however. They have been giving most of their attention to the prohibition and constitutional convention bills which have been passed and now the woman suffrage bill is occupying the attention of the lower house.

It was understood today that the Aldredge suffrage bill in the house would be withdrawn and the Maston bill, which has passed the senate would be substituted. The Aldredge bill has been amended and is not so satisfactory to the suffragists as the measure which was handed down from the senate. It would not go into effect until October and would prohibit women from voting for delegates to the constitutional convention.

Speaker Eschbach will probably hand the Maston bill to a house committee today. That an attempt will be made to amend the measure in the house is practically certain. Amendments similar to those placed on the Aldredge bill will be attempted.

Woman backers of the measure are confident, however, that these will be defeated. Mrs. Felix T. McWhirter, president of the Legislative Council of Indiana women, declared today that a poll of the house showed sixty representatives favored the bill; thirty-five opposed and five were doubtful.

SAYS MUSIC HELPS CUT PRICE MEALS

Chicago University Professor Declares it Aids in Solving Great Problem.

SUGGESTS BANJO FOR CHICKEN

(By United Press.) Chicago, Feb. 12.—Music with your meals solves the high cost of living problem if it's the right kind of music with the right kind of meals, according to Dr. Harry D. Kitson of Chicago University, here today.

"You eat a T-bone steak while the orchestra plays a waltz," said Dr. Kitson. "And next day you hear that waltz and you want another T-bone."

"You'd want it just as bad if it was liver and bacon the waltz had been played to, or hash. So there you have it. Develop your taste for moderate priced food by playing the appetite into yourself with any kind of musical instrument handy."

"Play a banjo for chicken a la Maryland, a jaz-band for chop-suey and a saxophone for succatash."

WEATHER FOR THE WEEK

Washington, Feb. 12.—It will be moderately cold at the beginning of the week, followed by a pronounced change to higher temperature Monday and Tuesday, and by moderate temperature thereafter. Except for local rains or snows Tuesday or Wednesday, the week will be generally fair.

There will be a penny supper in the basement of the Christian church on Friday February 16th. Supper served from 5 to 7. 28515.

IS OPPOSED BY A LARGE LOBBY

Governor Goodrich Authority For Statement That Special Interests Harass Legislators

FIGHTING FOR TAXPAYERS

Every Tom, Dick and Harry Having An Axe to Grind is On Scene Doing His Best

Indianapolis, Ind., Feb. 12.—Governor Goodrich is authority for the statement that an unusually large lobby composed of representatives of special interests is harassing members of the Indiana Legislature, having made this declaration in a public address the other day.

Governor Goodrich is fighting the fight of the taxpayers of Indiana; he is trying to prevent reckless waste of the state's funds by abolishing hundreds of useless offices and increasing the efficiency of the state government. The battle array is the governor, as a representative of the taxpayers, against a horde of selfish individuals who don't care a rap for the state of Indiana or the taxpayers. The governor is on the scene but the taxpayers are at home, trusting the new chief executive to win their fight. Also, on the scene, is every Tom, Dick and Harry who has an axe to grind or a personal roost to feather and they are moving heaven and earth to have their will make the will of the legislature of Indiana.

What is the result? The members of the legislature are hearing only from the representatives of the special interests and the talk they are hearing is loud and long. So far, they have heard but little from the taxpayers who have been inclined to accept the legislators' pre-election pledges with all sincerity. The time has come, however, when the taxpayers of Indiana should not take too much for granted—They should drop a letter to their representatives and senators and let them know in no uncertain language that they want them to back Governor Goodrich to the limit in every single move he makes in the interest of economy in the conduct of the state's business. There can be no half way approval of the Governor's course—it is either all right or all wrong and the legislator who supports some of them cannot justify his position when he opposes others as every single recommendation made by Goodrich has for its single aim conservation of the state's resources.

You are a taxpayer? Don't you think, then, that it would be to your interest as well as to the interest of Indiana, for you to get into this fight against the special interests? Don't you think it would be advisable to take your place in the line-up right along side of your fearless, Indiana-loving Governor? He needs your active co-operation and needs it now—not next week or next month. Why not write to representative and senator today and give them your ideas? They will welcome hearing from you and the knowledge that they have the positive backing of the men who made them will make it easier for them to withstand the arguments and blandishments of the representatives of the special interests who will not allow them to get out of their sight as long as the Indiana legislature is in session.

The governor's call is clear. If every lover of better government in the state responds, the new, stout-hearted chief executive, representing the people of Indiana, will win a signal victory all along the line over the host of lobbyists who never did nor never will care what happens to Indiana.

K. OF C. MEETING TONIGHT

The regular meeting of Rushville Council Knights of Columbus, will be held this Monday evening.

DRUGGISTS WILL BE FIRST TO FEEL EFFECTS OF LAW

Continued from Page 1.
exhausted, it will be impossible under the law's provisions to replenish the stock, except by personal manufacture of wines for individual domestic consumption only, or by bringing liquors or malt beverages from outside the state for personal use only, such transportation to be made without the aid of any common carrier.

Attorneys who understand the law's prohibitions say that the only methods of bringing intoxicating liquors into the state of Indiana, for use as a beverage after the law goes into effect will be by persons carrying such liquor to their homes on foot from other states, or carrying it in vehicles belonging to the individual who desires to use the beverage, provided that such a vehicle is not a "common carrier." Except in the border regions of the state where "wet" territory is just across the line, it will be a difficult matter to obtain liquor for private use, these attorneys say.

One section of the law will affect materially all classes of publications, or other advertising mediums that have carried liquor advertisements in the past.

"It shall be unlawful," reads the act, "for any person, association or corporation, either directly or indirectly to advertise intoxicating liquor in this state for sale or gift in any newspaper, periodical, circular, handbill or price list, or on any sign, signboard, billboard, bulletin board, or in any manner whatsoever; or for any owner, officer, or person in charge of any newspaper, periodical, sign, signboard, billboard, bulletin board, printing office, or any other person to publish or distribute any matter in this state which either directly or indirectly advertises intoxicating liquor for sale or gift."

This section, according to attorneys, will prohibit absolutely any newspaper, magazine or other publication from coming into Indiana from other states, with advertisements of liquor "for sale or gift" in them. Attorneys say that in other states, where such prohibition laws as the Wright law have gone into effect, it has been necessary for some of the magazines and newspapers, of national circulation—which carry liquor advertisements—to print special editions of their publications, with such liquor advertisements blotted out, or otherwise effaced. This has happened in Alabama and other states, according to these attorneys, and the same condition will obtain in Indiana, they say, as soon as the Wright act goes into effect.

SINKING RECALLS GIRLS' EXPERIENCE

California, Torpedoed Last Week, Same Vessel on Which Local Party Went Abroad in 1914

SHIP WENT ON ROCKS THEN

The Anchor liner California, which was sunk off the coast of Ireland last week by a German submarine, is the same vessel on which Miss Henrietta Coleman of this city and a party of friends had a harrowing experience in June, 1914. A story in the Columbus Republican says that Miss Carrie Ong of Columbus, who is known here and visits here frequently, recalled the experience. She together with Miss Genevieve Brown and Miss Helen Scott, formerly school teachers here, were in the party.

They were aboard the California when she went aground off Tory Island, near the coast of Ireland. The accident was caused by a dense fog. Passengers were taken off in safety but the experience is one that the party of school teachers will never forget. Miss Coleman and her party were taken ashore and continued their trip, but were stranded in Italy by the outbreak of the war.

It is considered a strange coincidence that the California should be torpedoed and sunk in the immediate vicinity of where she had the accident almost three years ago. At that time, she was removed from the rocks, towed to Glasgow where she was repaired and put into the service again.

MUCH INTEREST IS SHOWN IN REVIVAL

Evangelistic Singers From Keokuk, Iowa, Will Conduct Singing at Baptist Church Tonight

THREE ADDITIONS SUNDAY

The meetings at the First Baptist church are being continued with a great amount of interest, as was shown by the immense crowds that attended both services yesterday. The main auditorium was crowded last evening.

This evening, in addition to the regular sermon by the Rev. C. B. Jones of Greensburg, Mr. and Mrs. Edward Laubershirmer of Keokuk, Iowa will conduct the singing. They are evangelistic singers who are passing through here and may possibly stay for the remainder of the meeting. The services will continue every evening this week and probably next week.

Three additions were made to the church yesterday. The Rev. S. G. Huntington filled the pulpit of the Rev. Mr. Jones in Greensburg yesterday morning. The Rev. Mr. Jones is preaching inspiring and convincing sermons.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch ! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

The Young Ladies Mission Circle of the Christian church which was to have met this evening has been postponed until Monday evening of next week.

Miss Marcella Coyne entertained a dozen of her friends informally at her home in this city last evening. A social time was spent and light refreshments were served.

Mr. and Mrs. John Knecht gave an elaborate turkey dinner yesterday at their home honoring Mr. and Mrs. Will Stearns of Indianapolis. Other guests were Mr. and Mrs. Roll Miller and Mr. and Mrs. Jack Knecht.

Mrs. Vivian Headlee and family were the guests yesterday of Mr. and Mrs. Everett Honly of North Harrison street.

The members of the Tri Kappa sorority will be entertained by Miss Helen Black at her home in North Jackson street this evening.

Those attending the Social Club dinner dance tomorrow evening are requested to put their names on their baskets, for the convenience of the entertaining division. Dinner will be served promptly at 6:30 o'clock and followed by the informal dance for which Mitchell's orchestra will play.

About twenty-five guests, including the members of the Friday Afternoon Embroidery Club, were prettily entertained at the home of Miss Mary Amos in North Perkins street on Saturday afternoon. Several invited guests shared in the hospitality of the hostess. An informal afternoon during which there was sewing and chatting was followed by the service of an elegant buffet luncheon. Two delicious courses were served in this way in the dining room.

An elegant dinner was served at the home of Mr. and Mrs. Charles Brown in West Fourth street last evening when several of their friends gathered to spend the evening together. The dinner was served in pitch-in style and followed by a social period. Guests for the delightful evening were Mr. and Mrs. John Worthington, Mr. and Mrs. Lote Carter, Mr. and Mrs. Ernest Mitchell, Mr. and Mrs. Fred Cochran, Mrs. Lula Jackson Weeks, Mr. and Mrs. Ed Pitman, Mr. and Mrs. Walter Easley, Mr. and Mrs. Jess Poe and Dr. and Mrs. Charles Green.

"J. C. Snafe's book, 'The Sailor' is interesting because things happen in it that would be interesting to anyone and the sailor himself would be interesting any place," said Miss Margaret Donnan concerning one of the books she reviewed at the meeting of the Donnan class held at the home of Mrs. B. F. Miller on Saturday afternoon. The speaker complimented the book very highly because of the interest it contains and the unusualness of it, dealing with realism and romanticism.

The next meeting of the class in two weeks will close the series of very interesting talks by Miss Donnan on the modern novels. The place of meeting is to be announced later. At this time, several plays by Bernard Shaw will be reviewed.

In speaking of "The Sailor," Miss Donnan commented that the characters by their weirdness remind one of the characters in Dickens. "The leading character in the book shows the evolution of genius," she declared. "He starts with every handicap and through his dark environment, he bursts into beautiful bloom. The author conscious of his genius, paints the character of Henry Harper, who is the sailor, with marked skill. He shows extra touches in the boy which mark a genius. The tone of the story is in the very first sentence in the book," said Miss Donnan as she quoted the very first sentence which casts the dark atmosphere characteristic of that which follows. "The Henry Harper, who as a little boy cowers from a black snake whip in this first chapter, is the one who lives through difficulties similar in the succeeding ones."

Miss Donnan then followed the incidents through which the boy passed, his running away, his finding a wonderful home, his being turned out with the choice of going to sea or to the police home, of which he chose the former. She showed the boy, who as a joke on seaborad among the desperate sailors, was mistreated by them. "Here he learned the lesson," she said, "to keep on keeping on." Klondike, one of the passengers on board, was the one person who took a liking to poor little Henry and was interested in him to the extent that he started him in the education that the boy craved and had never had. Later as a goal keeper, he became the hero of an athletic team in Black Ampton.

The whole story was recited in a very interesting manner after which Miss Donnan dwelt upon the value of

the book. She recommended it very highly.

Psi Iota Xi will be entertained on Wednesday evening of this week by Miss Mary Anderson and Miss Laura Holden at the home of the latter in East Seventh street.

There will be a called meeting of the Happy-Go-Lucky club on Thursday afternoon at the home of Mrs. Austin Frazee in East Sixth street. The meeting will be called at 2:30 o'clock.

The members of the Men's Bible class of the United Presbyterian church, taught by the Rev. John T. Aikin, will be entertained at the home of Wash Allen in West Second street Friday evening with a social.

Mr. and Mrs. E. A. Frazee entertained at dinner yesterday at their home in East Sixth street. An elegant turkey dinner was served and guests were Mr. and Mrs. Albert Denning, Mrs. Ira Clawson, Mr. and Mrs. Walter Conoway, Mr. and Mrs. J. M. Amos, Mr. and Mrs. Albert Winship, Mr. and Mrs. J. P. Frazee and Mr. and Mrs. Edward Frazee.

Mrs. Horace Glidden entertained with a family dinner Sunday at her home near Raleigh. The following were present: Mr. and Mrs. B. F. Martin and son, Franklin; Mr. and Mrs. Eli Martin and children; Mr. and Mrs. Amos Glidden; Mr. and Mrs. and Mrs. Russell Baker, Mr. and Mrs. Ralph Elwell and Mrs. Lillie Rea and son, Harry.

Mr and Mrs. O. M. Harton entertained informally Saturday evening at their hospitable country home near the city. The guests spent the evening in playing "500" and near the end of the games, the host and hostess served a delicious one course luncheon, in which the suggestion of Valentine day was in the appointments. The guests of Mr. and Mrs. Harton were Mr. and Mrs. Charles Winship, Mr. and Mrs. Bert Osborne, Mr. and Mrs. Cliff Winship, Mr. and Mrs. Hubert Innis and Mr. and Mrs. O. P. Wamsley.

A number of friends of Mrs. J. H. Stevens surprised her with a pitch-in dinner last evening at her home, 609 West First street, the occasion being her fifty-sixth birthday. The following were present: Mr. and Mrs. Jesse Carpenter, Mr. and Mrs. Frank Holden and children, Mr. and Mrs. Percy Wright and son, John, Mr. and Mrs. Will Jones, Mr. and Mrs. E. C. McMabin, Mr. and Mrs. James Marshall, Mr. and Mrs. Wilbur Stevens and daughter, Kathryn Maude, Mrs. Edna Dagler and children; Mrs. Ellen Rydner; Miss Maude Hunt, Miss Rema Offutt, Mrs. Eva Offutt and Omer Stevens.

APPEAL TO THE GOVERNOR

Many From Over State See Great Distress Due to Coal Shortage

(By United Press.)

Indianapolis, Ind., Feb. 12.—Appeals reached the governor's office from all parts of the state today, declaring that if coal is not received immediately there will be great distress.

E. D. Johnston, Connorsville, telephoned and asked if some steps could not be taken immediately to guarantee a supply of coal for Indiana's public utilities.

BEEKEEPERS ARE WARNED

Should Examine Colonies, According to State Entomologist.

Indianapolis, Ind., Feb. 12.—Warning to beekeepers to examine all colonies to see whether there is enough honey to last until spring, was issued today by State Entomologist Frank N. Wallace. Due to the warm days this winter, many hives of bees have consumed most of the stores, according to Wallace.

"If the hives are light, a heavy syrup may be fed the bees," Wallace stated, "by placing a pan under the brood frames. 'Use granulated sugar, two and one-half parts to one water and boil thoroughly, until dissolved. Add one teaspoonful of tartaric acid to each twenty pounds of sugar to prevent it from crystallizing and put the syrup in the hive while warm."

THE NEW SILKS FOR SPRING

Dame Fashion predicts that Silks will be more popular this spring than ever before. Sport colors and styles will predominate.

KHAKI-KOOL—the new silk, the silk that inspired the Sport Styles. We are showing this in the new shades.

JERSEY SILK is perhaps one of the heaviest fabrics for spring and has excellent wearing quality. It comes in all the new colorings.

THE PAISLEY effects have a rich sheen which makes them especially good for trimming.

GEORGETTE CREPES—40 inches wide in flesh, white, black, chartreuse and all the bright colors.

GROS-DE-LONDRES in an infinite variety of colorings, including purple, African brown and dark green. Also a splendid showing of Crepe de chenes and soft Charmeuse Satins from which you may choose the shade desired.

PONGEE SUITING—yard wide in tan and white.

CHIFFON TAFFETA and Plain Taffetas in pink, rose, apple green, gray, blue, white and black.

NEW SHIRT WAISTS in Silks, Crepes and Messalines.

BETTY AND HER DADDY

It's two in the morning and the house is cold. Out of the darkness comes a cry—

"Daddie Daddie! Oh, Daddie!"

And Daddie is up. He doesn't mind the cold if the little hand that pats him is warm.

That was ten years ago, happy, short years, working for the baby and her mother.

It is two in the morning again—and out of an awful darkness comes the cry—

"Daddie! Daddie! Oh, Daddie!"

But Daddie will never jump up again—and he doesn't know that Betty's hands are warm over his cold ones.

The Massachusetts Mutual Life Insurance Company of Springfield, Mass., cannot replace Daddie, but they can provide for a monthly reminder of him. Come and talk it over.

STEPS OVER LINE ESCAPING DEATH

Naturalized Mexican Got Out of Facing Firing Squad by Clever Strategem

PROTECTED BY U. S. TROOPS

(By United Press.)

El Paso, Tex., Feb. 12.—By a clever strategem Leopold Galeviz, a naturalized Mexican, escaped death before a firing squad in Juarez. Under arrest as a Villa spy and sentenced to death at sunrise, Galeviz affected a confession and offered to show the Carranza officer where Villa had cached ammunition.

He lead them along the Rio Grande to where the states of Texas and New Mexico touch the International line. Suddenly he dismounted and jumped across the imaginary line into the arms of the Georgia national guard border patrol commanded by Sergeant Joseph Avans and demanded protection as an American citizen.

The Carranza officers angrily demanded his return as a traitor. The Americans gave the Mexicans a receipt for the prisoner. Upon delivery to the immigration station Galeviz proved he was an American citizen and was released.

NOW KNOWN THAT HE WAS ELECTED

Ballots of Electoral College Officially Canvassed by Vice-President Marshall

WITNESSED BY CONGRESS

(By United Press.)

Washington, Feb. 12.—President Wilson was today officially declared the next President of the United States.

Before both Houses of Congress assembled in the House of Representatives chamber—according to Constitutional provision—Vice-President Marshall, formally opened and counted the ballots of the 531 Presidential electors, which—as known to the world for three months—placed President Wilson and himself at the helm of government for another four years.

The ballots, sealed and certified by the secretaries of state of the various states, were opened by clerks in the presence of the assembled members and Senators, and checked up by tellers. The result was then announced, and the Senate returned to its chamber, the ceremony concluded.

A GOOD FRIEND

A good friend stands by you when in need. Rushville people tell how Doan's Kidney Pills have stood the test. Mr. Priest endorsed Doan's over six years ago and again confirms the story. Could you ask for more convincing testimony?

Geo. Priest, 223 W. Third St., Rushville, says: "I have been afflicted more or less with kidney trouble for several years. It came on me gradually and each day, I could notice that it was becoming worse. It started with a dull pain directly over my kidneys, dizzy spells followed and there seemed to be specks before my eyes. Doan's Kidney Pills, procured from Johnson's Drug Store freed me from that distressing pain in my back and restored my kidneys to a normal condition."

The above statement was given on March 9, 1910, and on Aug. 26, 1915, Mr. Priest said: "Whenever my kidneys bother me I use Doan's Kidney Pills and they always give me good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Priest has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

GROWNUPS SHOW KIDS HOW TO PLAY

College Professors and Football
Players Take Part in Econ-
omies Week Program

CO-EDS WILL ALSO HAVE PART

(By United Press.)

Austin, Tex., Feb. 12.—Sedate college professors and husky football warriors will join pretty co-eds tonight in playing "ring-around-a-rosy," "pussy-wants-a-corner" and other more or less interesting "kid games" as part of the program of home economies week.

The games will be staged by the woman's physical training department of the University of Texas as a compliment to the State Canning club agents, who are meeting here. These agents and many rural school teachers complain that one of the hardest things they are up against in training children is co-operative playing. They say they fear modern children are losing the "art of playing."

The profs, foot ballists and co-eds are going to show 'em how.

IS OPPOSED TO LOANING MONEY

Buenos Aires Press Opposes Plan
to Give Credit to England—
No Exchange Rate

TERM PROPOSAL AS ABSURD

(By United Press.)

Buenos Aires, Jan. 20.—(By Mail) —The Buenos Aires press today sat down heavily on a plan for the opening of a 40,000,000 pounds Argentine credit in London, paying 6 per cent interest and secured on 80,000,000 pounds worth of treasury, railroad or industrial securities. This really would be a loan to England.

The scheme is said to have originated in England, as a means of enabling the British to buy Argentine supplies without weighing upon the exchange rate.

La Nacion says such a transaction "would have pernicious and disturbing consequence and would be contrary to the Argentine fiduciary system of effective responsibility by converting the currency or the gold which guarantee it into an instrument of insecure combination of international credit at a time when the Argentine government is appealing to foreign credit to help it out of its financial difficulties."

Even the strongly pre-English Standard, of Buenos Aires, says "the proposal for a loan of any kind from Argentina to Great Britain is absurd."

**SENATOR LaFOLLETTE
PULLS SILKEN BEARD
OF SENATOR LEWIS**

Washington, Feb. 12.—To prove that even though they oppose each other in political matters, the best of feeling exists between Sen. LaFollette, Wis., and Sen. Lewis, Ill., Lewis laughed the other day when La Follette pulled his (Lewis') silken whiskers during a session of the Senate.

The friendly spat occurred during a roll call. Lewis good naturedly interrupted LaFollette in what appeared to be an intensely interesting story.

Desperately twining his index fingers in the soft silken beard of the Senator from Illinois, LaFollette gave it a none too gentle jerk.

Lewis resumed his seat but for some time held his hand to the spot where the aforesaid whiskers were anchored.

MANY WRANGLES EXPECTED

**Proposition to Change Prices for
World's Series Games May be
Brought Up**

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New York, Feb. 12.—Suffering fandom doubtless will learn today to its great relief that there never has been a chance for baseball players to pull off their threatened strike, and that all talk of such action is worthy only of youthful minds.

The two major leagues will hold their annual schedule and rules committee meetings in New York, beginning today, and all sorts of reasons for laughing at the strike are expected to emanate from the subdued air at the Waldorf hotel.

If Dave Fultz thinks he has a players' strike in operation he should be a witness at today's proceedings, for it is time he was told differently. The strike will be officially called null and void so far as baseball magnates are concerned.

Besides this momentous announcement several wrangles are expected to develop in what otherwise would be a peaceful session. The National league head, John K. Tener, wants some changes made in the playing rules and so do a few others.

Tener believes the plate is too small, judging apparently by the efforts of some pitchers who draw pay checks from his cohorts, and he wants it broadened a full inch. Also, he will suggest with great concern that three balls should constitute a walk, and not four. Many other suggestions which have been talked of are expected to find the light of day.

Changes in admission prices for world's series contests probably will be brought up also. The American league already has gone on record as favoring a reduction in the tax for turnstile power. Ban Johnson wants only a double price for admission to all sections except boxes, which he would sell at \$5 each.

Ban Johnson, also is expected to project his theory of a home for aged ball players—on which Mike and Joe Cantillon, who have been operating a similar place for years—have been working for some time. In fact, it was three years ago when Joe Cantillon first conceived the idea and began putting it up to ball players. However, Ban takes the credit and is expected to talk about it.

EARL PRIEST RESIGNS

**Ed Lowden Elected Secretary County
Live Stock Insurance Co.**

A change in the officers of the Rush County Mutual Live Stock Insurance company was made Saturday when Earl Priest resigned as secretary. Ed Lowden was elected as secretary and Rue Webb was named vice-president. Mr. Lowden was vice-president and his election to the secretaryship left a vacancy to which Mr. Webb was elected. Earl Priest resigned because of ill health. The affairs of the company are coming along nicely and the officers hope to have the policies issued by the last of this week. The membership is now close to 500.

PLEAD FOR FAMILY WORSHIP

(By United Press.)

Chicago, Feb. 12.—The importance of bringing back to popularity the old time custom wherein the other members gathered round while Father read the Bible, will be stressed at the meeting of the Student Workers' organization of the Episcopal church in America here today. "And God may speak in the home," said Secretary William E. Gardner of The General Board of Religious Education, of the church, "in many other ways than by formal family worship."

Always use the best; that's Red Cross Ball Blue. All leading grocers sell it. 5 cents.

REO

**The Oldest Car in the Show
---Yet the Most Interesting**

ISN'T IT REMARKABLE how the crowds linger around that wonderful old Reo the Fifth chassis, study it point for point, inquire, admire, go away and compare—and inevitably drift back again?

ISN'T IT A TRIBUTE to Consistency of Policy—to Good Intent; to Sound Engineering; to Quality of Workmanship; and finally, to Reo service—the way they pay homage to that Reo the Fifth?

IT ISN'T NOVEL in the sense that some of the sensationally new inventions are.

THAT STRIPPED REO chassis has been a feature of every national automobile show for now eight successive seasons—in practically its present form.

JUST REFINED and improved in minor details from year to year (yes, month to month, for we Reo Folk do not make "season models" nor wait till just before Show-time to make changes. We make them any time their need is apparent—or we learn how)—

AS WE WERE SAYING: that Reo chassis has been a feature—yes, the feature—of the Show for several years—yet its popularity is greater now than ever, if crowds are any criterion.

JUST GOES TO SHOW that people are learning—that experience does teach. Experienced motorists, the seasoned Old Timers, are not looking for a car that is "different" but for one that is better.

AND THEY'VE FOUND that kind of car in Reos.

THE NEW REO SIX is beginning to rival the great Reo the Fifth in popularity. It will be a strong rival when there are as many in the hands of owners.

AS IT IS, REO the FIFTH has a tremendous advantage over the Six—more than one hundred thousand owners are singing its praises daily and hourly, while less than twenty thousand as yet know the Reo Six at first hand.

BUT SHE'S GAINING—just as rapidly as we can make them.

OF COURSE WE DON'T try to make all the automobiles—only the best ones. So naturally there's always an over-demand for Reos, all Reos, trucks as well as pleasure cars.

BUT WE WILL make fully twice as many Sixes the coming year—so next show time Reo the Fifth, that "incomparable" Four, will have to look to her laurels!

BUT BLESS YOU, no other than a Reo could ever hope to match a Reo either in popularity or performance!

PAID YOUR RESPECTS YET?—you owe it to yourself to do so. See the Reos—compare—then get your Reo while the getting's good. There won't be never has been—enough to go around.

PRESENT PRICES apply only to orders for immediate delivery—we reserve the right to increase them without notice—may be compelled to at any time.

SO DON'T DELAY. Order and get your Reo now—if you can. If you delay there will be too many ahead of you. Today won't be a minute too soon.

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength). This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

HOME FOLKS TESTIFY.

Fort Wayne, Ind.—"I have been made most comfortable by the use of Dr. Pierce's Anuric Tablets. When I started to take this medicine my right kidney pained me at each excretion and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—MRS. S. J. ROBERTS, 917 Cottage Ave.

Young Girls Chosen By Lot In Early Valentine Celebrations

There really was a St. Valentine but whether the peculiar celebration of the day has any connection with the saint has never been proven, and by those who have given time, thought and labor to the question, is considered doubtful. Valentineus, was a Roman bishop and was martyred in 270, during the reign of Emperor Claudius.

The Romans celebrated the Lupercalia in the month which came to be called February. The Lupercalia were feasts in honor of Pen, the god of hunters, shepherds and rustic folks, and of Juno, the great queen of nuptial rites. In the course of these feasts, the celebrants were struck with thongs which were called "februa." Thus, some authorities hold, has come the name of the second month, though there are those who maintain that February comes from the "febrile month," or the month of fevers.

One of the features of Dies Februat, the day of the thong-lashing, was that young girls were chosen by lot by young men. Each youth secured a mate for life or a part of life, and because of this mate-drawing the day came to be closely associated with matchmaking and marriage. When the pastors of the Christian church were trying to root out paganism, and yet leave the people certain of their festival days, they brought about a modification of the wife-drawing. For the names of girls they substituted the names of saints.

In spite of the early Christian efforts to abolish the drawing of girls' names by youths, the custom was observed in Rome at least as late as 496.

There was a similar custom among the early pagans of northern Europe. Toward the approach of spring, a marriage fair, or something like a lottery of wives, was held by the northern tribes.

The ceremonies of our modern St. Valentine's Day are a greatly diluted survival of these old human customs of choosing sweethearts and wives; but in what way the observance of these rites came to be confused with the celebration of a day holy to a saint has baffled those who have essayed to solve the riddle.

Centuries ago the day was observed in a religious way in Great Britain, and with special solemnity in Scotland. Outgrowing much of its religious significance, it came to be the day on which sweethearts should plight their troth, for love matches made on St. Valentine's Day carried the augury of happiness, long life and prosperity.

The homes of the English gentry were merry indeed on St. Valentine's Day, and numerous customs employed then in the observance of the day survive among us. One of the old English pastimes was than an equal number of men and maids should meet, write their names on pieces of paper and draw for partners. Here was a very clear suggestion of the descent of the customs from the day of the Lupercalia. The youth, or man, drawn as "the valentine" and he made a gift or gave a ball in honor of the lady who had drawn his name. Often this was virtually an announcement of the engagement of the pair, for in these drawings of names a great deal of sharp practice of a benevolent kind was in evidence. If a girl entertained a strong predisposition toward a certain gentleman, or a gentleman toward a certain lady, the kindly managers of the drawing would often resort to politics to make them happy, and many joyful marriages were brought about in this way.

HOOISIER BRIEFS

Evansville—The new Coliseum being erected in this city will be completed within a few days.

Kendallville—The bronze memorial tablet presented to this city by L. J. Keller, Chicago, was unveiled today.

Elkhart—When Miss Lucy Wright's collie dog fell into a cistern while chasing a cat, the fire department was called out. One of the firemen dropped a rope over the dog and pulled it out alive.

Greensburg—The common council of this city has voted to purchase lots and establish a city park on Gas creek.

Anderson—James C. Montgomery, claiming that a scar over his right eye has disfigured his features to the extent of \$500, has brought suit for that amount against Frank C. Culbertson. Montgomery was injured when a buggy in which he was riding was struck by Culbertson's auto.

PUBLIC SALE OF LIVE STOCK

The undersigned will sell at Public Sale at the Cullen farm, one and one-mile west of Rushville, on

WEDNESDAY, FEBRUARY 14th, 1917

the following described live stock

12 Draft Mares 12

These are a useful lot with plenty of size, bone and substance, four to eight years old, sorrels, bays, browns, blacks and grays. Some good pairs among them. Ready any day for the plow. Some in foal.

AVAIL YOURSELF OF THIS OPPORTUNITY

30 Head of Cattle 30

TWELVE SHORTHORN COWS AND HEIFERS

This is an exceptionally good bunch, all bred to Registered bull, some with calves at side. A lot of first class milkers.

Five Polled Shorthorn bulls, almost ready for service, an extra fine bunch Also a few heifer calves. One coming two-year-old steer, a good one. The red, white and roans were never more popular. Buy a few good ones.

SIX HEAD OF SELECT JERSEY COWS

to be fresh soon or calves at side. This is a chance for a good butter cow.

85 Head of Hogs 85

60 — DUROC SOWS — 60

This, I think, is one of the best and most uniform offerings I have ever presented to the public and certainly there was never a more opportune time to invest in a good brood sow. They are strictly pure-bred, out of mature sows and boars and bred to boars out of \$500 and \$1000 sires, for March and April farrow. They have had plenty of exercise, are strong and vigorous and should prove a profitable investment at almost any price. Come, take a few good ones home with you.

ONE YEARLING BOAR. TWO SPRING BOARS.

TWENTY-FIVE CHOICE FEEDERS

20 Shropshire Ewes 20

Sired by an Imported Ram

Their dams and grand-dams for several generations are also by Imported sires. One to four years old, bred to Registered Ram. Sheep and wool are so high in the market I hesitated to make this offering, but hope the opportunity to get a few such ewes will be appreciated.

Sale to be held entirely under cover at the Cullen farm, beginning at 10:00 a. m. sharp, Wednesday, February 14, 1917.

Delay of Congress Has Representatives of Bridge Concerns Worried—No Time Set

TO COST COUNTRY MILLIONS

(By United Press.)
Washington, Feb. 12.—Representatives of bridge concerns are worried because congress seems in no hurry to authorize construction of several million dollars worth of proposed bridges across government streams.

Among the important bridges, construction of which is held up for other legislation, are:

Railroad bridge across Mississippi at Remidji, Minn. Combination bridge across Mahoning at Lowellville, Ohio. Wagon bridge across St. Francis northwest Parkin, Ark. Wagon bridge across Red River of North between Polk county, Minn., Grand Forks county, N. Dak. Railroad bridge, reconstructed across Allegheny at Allegheny, N. Y. Wagon bridge across Red Lake river, Pennington county, Minn. Wagon bridge across Cumberland, Montgomery county, Tenn.

WANT NO FREAK LAWS

(By United Press.)
Bismarck, N. D., Feb. 12.—North Dakota's farmer legislature isn't going to take up its time with freak bills. This became apparent today when the only near approach to a freak on the calendar was a bill providing that bob sleds shall be 56 inches wide. This is not freakish, since smaller gauge runners cut up snow roads in this snowy country.

ELECTION PROBE REPORT EXPECTED

Indications When Federal Grand Jury Convenes Today are for Returns This Week

INVESTIGATION FINISHED

(By United Press.)
Indianapolis, Ind., Feb. 12.—When the federal grand jury which has been probing election frauds in Indiana for the past three months, met today, it was believed that a report would be ready before the week-end. The jury was to meet, following a short recess, last Thursday but postponed convening until today owing to the illness of the foreman.

It is believed that the grand jury has practically completed its investigation. A few days will probably be spent in gathering up the loose ends on the Evansville and Gary probe of elections last November and of the Marion county frauds of 1914.

That wholesale indictments will be returned is practically certain. The recess was taken, according to reports around the federal building, in order to give the federal officials time to prepare the indictments.

The wonderful thing about an elephant is his nose.

He can wave it. He can wrap it around his ear. He can chase flies up and down his back with it. And if he happens to be traveling in a stock car he can send it out for air.

Think what a man could do with a nose like that. When his wife smelled smoke he could sit where he was and sniff in the other rooms. And when it came to Dutch lunches he could hang his nose out the window and enjoy his limburger in peace. O for a wandering nose!

I have a few Planters, Two Row Plows, Deering Discs, Deering Binders and Mowers and I. H. C. Spreaders that I can sell at the price I sold them at.

I also have a fine lot of Little Red Clover Seed and Timothy Seed.

FOR FOUR ISSUES

What Makes a Public Sale a Success?

The first essential is to have goods that other people want. The next essential thing is to let the public know you are going to have a sale and to get them to attend it.

The Greater the Crowd, the Better the Bidding

Have your Public Sale Bills printed in a good clear type, on a bill large enough to be read without glasses, and with a heading PUBLIC SALE in bright red ink. The Daily Republican is the originator of this Red Head Sale Bill—it is a bill which will assure one of a big attendance.

Another Important Point

PUT YOUR SALE AD INTO THE FARMER'S HOME

Place your sale bill, as an advertisement, in the Daily Republican. It goes directly into a man's home. That is what he reads and there is where he will read your announcement. The Daily Republican is read by 6,000 people in Rush County; of this number 50% are farmers. The price of an advertisement is so small, when you consider the benefits that you will reap, that you should not overlook the important thing. For an example of the cost, see our illustration at the left.

**U. S. Officials Grow Impatient Under
Enforced Detention of Am-

By ROBERT J. BENDER
(U. P. Staff Correspondent.)

Washington, Feb. 12.—President Wilson today formally notified Germany that the United States government can enter into no negotiations tending to avert an armed clash between the two nations until the new U-boat decree is withdrawn.

The president's communication, sent through Swiss Ambassador Riter, representing the German government in the United States, was made public at the state department after it had been admitted overtures had been received from the German government.

This government declares it will gladly discuss anything with Germany but only in the event that Germany withdraws her U-boat decree of January 31 and renews her pledge made May 4 in the Sussex case.

ASKED TO SIGN A TREATY

**Gerard Sends Message to Wilson
of German Threat**

By CARL W. ACKERMAN
(U. P. Staff Correspondent.)
Berne, Via Paris, Feb. 12.—Germany is delaying a large number of American citizens in Berlin for possible retaliatory measures in case the United States declares war.

The German foreign office is trying to avoid war in America but is receiving little support from the German military party which long ago prepared for American hostilities.

Gerard sent messages to President Wilson today telling of Germany's threat to hold American newspaper correspondents in Germany as hostages unless the American ambassador would sign a treaty practically guaranteeing in case of war that German ships now in American harbors would be permitted to leave.

The demand was made to Gerard on Monday through Count Monge-gales, chief of the American division of the foreign office.

Gerard, it is reliably reported, told the German official who brought this threat that if Americans were forced to remain in Germany, America would regard such action as cause for war.

Telling of these matters here today, Gerard said:

"I told the German officials I would sit there in Berlin until kingdom come and not leave until all Americans were permitted free exit from Germany."

MAY ARM MERCHANT MEN

**Forced Detention of America Ves-
sels Leads to This Step**

By CARL D. GROAT
(U. P. Staff Correspondent.)

Washington, Feb. 12.—Administration officials began today to grow impatient over forced detention of American vessels in their home ports.

because of Germany's U-boat war. This feeling appeared likely to hasten the solution of the question of armament for merchant men. The solution will probably be issuance of guns to merchant ships by the government.

Authorities felt Germany should not be in a position to say she had driven shipping from the seas through fear of her submarines. Despite talk of German attempts to stave off war with United States, this government doubted that Germany is prepared to modify her under-sea campaign.

The government has found that it must do something to help shipping or face condemnation for permitting shipping to lie idle while by all rights it can travel.

Reserve guns of the United States navy designed for use on merchant auxiliaries and merchant submarines probably will be available soon to American vessels who will brave the seas in the face of the German barred zone order.

The navy department has a number of these guns which it was said could be condemned or even loaned directly if necessary.

Officials admitted today that the American merchant ships will have to depend upon the navy for any armament desired. President Franklin of the American line has notified the department he has been unable to get guns from any other source.

DESTRUCTION INCREASES

London, Feb. 12.—Destruction of tonnage by German submarines showed an upward trend today, according to Lloyd's reports forwarded to the state department by Consul General Skinner at London. He reported 16,762 tons destroyed since the last report.

DID NOT FIRE ON BOATS

Berlin (Via Sayville), Feb. 12.—"No German submarine ever fired at life boats or will so in the future," declared an official statement today denying British versions of the sinking of the British steamer Eveston.

CITY EXPECTS ITS COAL BY TOMORROW

**Feeling Success of Project is As-
sured, Two More Cars are
Ordered for Same Use**

WILL NOT SELL IT TO FARMERS

The city is expecting its two cars of coal for the municipal yard to arrive tomorrow. Word has been received that the coal was shipped and Superintendent Mahin thinks the coal will arrive by morning. There is much suffering throughout the city because of the coal shortage and the two cars should relieve the situation somewhat.

Believing that the success of the project is assured, the city has ordered an additional two cars of coal. From indications the first two cars of coal will not last long. Despite repeated references that the city would take no orders and reserve no coal, four people were at the home of Mayor Behout this morning early offering him the money for coal. The mayor did not take the money as the first come, first served will be the policy. Many farmers living near the city have also indicated that they intended to get some coal. They will be turned down as the coal is for city people.

The city has accepted the services of Leonard Clark and the coal will be weighed free of charge by the Rush County scale.

The claims against the estate of the late Riley Stewart were originally set for trial today but they were all dismissed Saturday, leaving a vacancy on the calendar.

Burst Gas Pipe Cause**

Fire starting in the A. W. Wilkinson bakery last night threatened the Kramer building in North Morgan street and resulted in damage amounting close to \$1,500 to the bakery, the office of the Daily Jacksonian and the office of Dr. J. B. Kinsinger.

The heaviest loss was sustained by the bakery where the fire originated. Mr. Wilkinson today estimated his loss at \$1,100 with \$600 insurance. The damage to the Jacksonian office probably amounted to \$100 and Dr. Kinsinger's loss is placed at \$300. These two losses are fully insured.

The fire is believed to have been caused by a burst gas pipe. When first discovered about 7:30 o'clock the flames were next to the floor in the corner close to the gas meter. There was no fire left in the place except some live coals under the oven. It is believed that the room filled with gas fumes and that these finally ignited.

The fire department was handicapped at the first by a break in the hose and it was some time before any water was thrown on the flames. When first found chemicals could probably have put out the flames, but the chemical tank refused to work and it was necessary to throw water. The flames burned a hole through the partition into the Jacksonian office and the front office of the plant was damaged by water.

The fire was confined to the baking room of the bakery. The oven was ruined, a large quantity of flour and sugar was damaged beyond use and a large number of baking pans were ruined.

The damage to Dr. Kinsinger resulted from smoke and broken furniture. Fearing that the flames would spread to his offices every piece of furniture in the place was carried out and a large number of pieces were not treated kindly, being thrown out the windows into the alleys. As a result some of the furniture was broken.

Shortly after midnight flames were again found in the bakery. Then the fire was under the floor and it was necessary to cut a hole in the floor in order to reach it. The damage to the Kramer building resulted in \$75 damage and is fully insured.

London, Feb. 12.—China has broken off diplomatic relations with Germany. It was authoritatively reported here that the German government had refused to accept the Chinese ambassador's credentials.

FIRE CAUSES SLIGHT LOSS

**National Gate Co. Building Destroyed
—Year Ago, in Flames Again**

The National Gate Company sustained a \$25 fire loss this morning. An overheated flue ignited the walls and ceiling and for a time the entire building was threatened. The fire alarm system refused to work and the fire department would not have made the run except for a telephone call giving the location of the fire. The fire department put the fire out with chemicals. The Gate company's plant was destroyed by fire a little over a year ago and the present building replaced the one burned at that time.

THANKS SENATE FOR ITS SUPPORT

**President Wilson Sends Letter to
Upper Branch of Legislature
Because of Resolution.**

THREE BILLS PASSED TODAY

**Fifteen Bills Designed to Prevent
Graft Among all Kinds of
Officials Are Introduced.**

Indianapolis, Ind., Feb. 12.—President Wilson today sent a letter to the Indiana senate expressing thanks for the resolution adopted recently, declaring that Indiana would stand behind the president in the German crisis.

Many new bills were introduced in the senate and three passed during a short morning session. The bills passed are:

Representative Kimmell's providing a stringent anti-peeping law; Representative Dilworth's, raising the standard of Indiana national guard officers, and Representative McClaskey's, providing that property of extinct congregational churches shall be given to the Indiana Congregational conference. All of these measures have been passed by the house also and are now ready for the governor's signature.

Fifteen bills designed to prevent graft among county, city and township officials were introduced under the supervision of the state board of accounts.

The measures provide that officials who are receiving a regular salary can not accept fees for doing special work; making officials liable under bond for fees collected; making it a felony for public officials to accept money for employees working under them; bonding of the state veterinarian for \$10,000; forced advertising for bids before letting contracts; and the keeping of closer check on all money handled by officials.

THIRTEEN LIVES LOST IN HOTEL FIRE

(By United Press.)

Minneapolis, Minn., Feb. 12.—Thirteen lives are believed to have been lost in the midnight fire which destroyed the Kenwood hotel here. Firemen are searching the ice covered ruins for bodies believed buried in the debris.

Mrs. Lucille Squire was killed when she jumped from a third story window and struck the pavement.

A mob which attacked firemen who arrived without ladders was driven off with streams of water. Five persons were seen to fall into the flames when a ledge on which they were standing gave way.

MERCURY TOUCHES NINE BELOW TODAY

**Temperature Reaches Lowest Point
at Sunrise and Doesn't Rise
Much During Day**

TO BE JUST AS COLD TONIGHT

One of the coldest days of the winter was ushered in this morning. Last night was exceedingly cold and the mercury gradually dropped until it touched nine below at sunrise this morning. This was the official temperature given out from the weather station at Maury.

At six o'clock this morning it was eight below and in about one hour the mercury dropped. The day was cold throughout, eight above zero being the highest point reached. Tonight promises to be equally as cold as last night.

Saturday night the mercury dropped to two below zero. Thermometers in Rushville showed even a lower temperature yesterday morning, many registering as low as six below zero.

DRUGGISTS FIRST TO FEEL EFFECTS

**Parts of Prohibition Law Restricting
Their Sale of Liquor Effective
Soon**

PROBABLY IN APRIL OR MAY

**One That Really Applies in Rush
County Because There are no
Saloons to Quit**

Drug stores in Rushville and towns and villages in Rush county will be the first to feel the effects of the state-wide prohibition bill which has been passed by the Indiana legislature and signed by Governor Goodrich. While saloons do not have to quit business until April 2, 1918, the law provides many restrictions in the sale of liquors by drug stores which will become effective with the promulgation of the acts of 1917, probably some time in April or May.

The provisions prohibiting manufacture, barter, sale and transportation on common carriers will not go into effect until April 2, 1918.

The drug stores will be placed immediately under the effects of the law when the governor issues a proclamation declaring all laws not otherwise provided for to be in force. After that date, it will be impossible to buy liquor any place except a saloon, if the law is enforced. This provision of the law is the one that really applies in Rush county because there are no saloons here to go out of business. Liquor can not be obtained even on prescription at drug stores, because they are restricted to pure grain alcohol on prescription.

There are many prohibitory measures in the forty sections of the law, but none which will be felt more in dry communities like those in Rush county than that which effects the person who has been in the habit of keeping beer and other intoxicating liquors at home.

Within ten days after it becomes completely operative (April 2, 1918) the fellow who likes his occasional "nip" from his own refrigerator will have to go out of the state, to buy it and will have to carry it in himself because he can not have it shipped into the state on any common carrier.

After April 2, 1918, those who desire to keep intoxicating liquors on hand against his impending long drought, may retain legally, only one gallon of intoxicating liquor or twelve quarts of beer or all wine manufactured by themselves for home consumption only. When this applies

LINCOLN THEME OF SHORT TALK

**"Americanism" of "The Great Am-
erican" is Discussed by J. V.
Masters at High School**

PATRIOTISM IS AROUSED

**Speaker Dwells With Special Em-
phasis on Lincoln's Keen Sense
of Humor and Ready Wit**

The Americanism of Abraham Lincoln was the theme of a brief address delivered by Professor J. V. Masters before the members of the senior high school at the opening exercise period this morning. The speech was designed as a commemoration of the birthday of "The Great American" and was presented so forcefully as to arouse both admiration and patriotism.

After reviewing concisely but thoroughly the early life and education of Lincoln, Mr. Masters launched into a discussion of the distinctive characteristics of the beloved president. He dwelt with especial emphasis upon his keen sense of humor and narrated several humorous anecdotes as illustrative of Lincoln's ready wit, which alone had enabled him to bear the responsibilities of the Civil War without breaking under the terrific strain.

The speaker likewise made especial mention of the fact that Lincoln was recognized in England as well as America as the greatest master of English prose and asserted that his "Gettysburg address" was considered a model of succinct yet emotional writing.

Mr. Masters is head of the history department in the local high school and is noted among the pupils for his inexhaustible supply of interesting and humorous stories. His popularity was attested by the storm of applause which greeted his appearance and by the unbroken attention and spontaneous responses throughout his remarks.

PROGRAM IS POSTPONED

**Lincoln Address at K. of C. Hall Will
be Given Tuesday Night**

Announcement is made that the Lincoln Day program arranged for this evening by the Rushville council, Knights of Columbus, has been postponed until tomorrow evening. The address of the evening will be given by Hugh Wickes of Greensburg, who has taken for his subject, "Abraham Lincoln, His Spirit Goes Marching On." The speaker will be introduced by Douglas Morris of this city.

The meeting will be held in the Knights of Columbus hall in West Second street. There is no admittance fee and the public is cordially invited to attend. A special invitation is extended to patriotic societies.

**Senator Watson Speaks at Lincoln
Memorial University Today**

(By United Press.)

Cumberland Gap, Tenn., Feb. 12.—Leading citizens from all parts of the country paid tribute to Lincoln here today in the Lincoln Day celebration at the Lincoln Memorial university.

"The guiding stars of our history are Washington, the founder, and Lincoln, the savior," Senator James E. Watson said. "Without the one the republic could not have been established. Without the other it could not have been maintained."

JURY RETURNS A VERDICT FOR GARY

John A. Gray Loses Suit he Brought Against Rushville Attorney for \$5,000 Damages

TWO BALLOTS ARE TAKEN

After deliberating five hours, the jury which heard the damage suit of John A. Gray against A. L. Gary, attorney of the city, in the Shelby circuit court, returned a verdict for Mr. Gary. Gray asked damages in the sum of \$5,000 alleging that he was damaged by Gary claiming he received the wrong legal advice. The jury took two ballots. It is understood that the first resulted in a vote of ten to two for Mr. Gary and then the jury agreed on the next ballot. The case started last Tuesday and presented many interesting questions. The action for damages was based on the alleged malpractice of the attorney.

The issue resolved itself into a three cornered fight, the testimony of Gray, Charles Markle and George Gray being against that of Mr. Gary.

INFANT MAZE DEAD

Lowell Maze, the one-year-old son of Mr. and Mrs. Fred Maze, died Saturday afternoon at their home in Homer following a few days' illness from bronchial pneumonia. The funeral services were conducted this afternoon at two o'clock in the Homer Christian Union church and burial took place in the Hurst cemetery.

A marriage license was issued Saturday afternoon to Louie Bradburn and Jennie Cox.

Today's Legislative Oddity

Indianapolis, Ind., Feb. 12.—Senators found their meeting chamber completely renovated and germ proof when they returned to resume their legislative duties today. The thick carpets, which according to physicians, were filled with germs, were gone and a sanitary cork-like substance was in its place. Draperies suspended from the top of the long windows had been thoroughly cleaned. At least one member of the senate has been on the sick list since the legislature opened.

Without question the most extraordinary musical theatrical event of the season at the Shubert Murat is coming there tonight, Tuesday and Wednesday, under the local management of Mrs. Ona B. Talbot, of the San Carlo Grand Opera Company, that superb organization made famous a few years back by such singers as Nordica, Campanari, Constantinova and others. And while those notables have passed along, their places have been taken by other distinguished artists, not one whit less capable—artists who have appeared with splendid success all over the world.

The San Carlo Company numbers 100 members, noteworthy features of the reorganization being the large and brilliant singing chorus, the complete grand opera orchestra, and its elaborate new and sumptuous scenic effects. The company travels by special train and will come to Indianapolis direct from its extended engagement at Cincinnati. Upon the roster of principals of the San Carlo Company are some twenty of the world's foremost opera stars.

Four different and distinct casts of principals have been arranged to sing the four productions announced which are as follows: Monday Aida, Tuesday, Carmen, Wednesday, Matinee Tales of Hoffman, Wednesday night, Lohengrin.

Popular Concert
Contralto

An American girl who has gained great popularity because of her rich voice and sound musicianship.

Thomas A. Edison Wants You To Hear This Test

Tuesday Evening, February 13 at 8:15, United Presbyterian Church

Many famous artists have made these "Tone Tests." Read what the papers say:

"Impossible to distinguish between the singer's living voice and its re-creation by the instrument that bears the stamp of Edison's genius."

Boston Herald Nov. 19th, 1915.

"The ear could not tell when it was listening to the phonograph alone. Only the eye could discover the truth by noting when the singer's mouth was open or closed."

N. Y. Evening Mail, May 3d, 1916.

It was virtually impossible to distinguish between the real voice and the Re-Created voice of the singer."

Philadelphia Evening Telegram, April 28th, 1916.

"Christine Miller herself and Christine Miller on the Edison sang side by side. The two voices were so identical that when one or the other stopped it was impossible to detect it in the audience."

Cleveland Leader, Sept. 23d, 1915.

"Not possible to tell one from the other."

Detroit Free Press, Oct. 12th, 1915.

Music's re-creation! A reproduction of the human voice from the phonograph which the ear cannot distinguish from the living voice! Has Mr. Edison accomplished this miracle at last? Come—hear this astonishing test—and judge.

Miss Helen Clark, the popular concert Contralto will be here, at Mr. Edison's request, to offer you the only evidence by which you can really judge. She will sing side by side with Mr. Edison's re-creation of her voice! See if you can tell, without watching the motion of Miss Clark's lips, which is the living voice and which the re-creation.

What Is Your Judgment?

Mr. Edison insists upon this unique and daring test. For it tells more than the most vivid words can express. Its convincing frankness sweeps away all doubt. Mr. Edison wants your true judgment of his new musical art. He wants the judgment of every music lover. Has he re-created music? Has he eliminated all mechanical blemish? Has he preserved the living tones in all their reality?

He puts the original and his re-creation before you—side by side. He hides nothing. Asks no allowances. He dares to make the vital test that no one else but he has ever ventured. And he asks you to decide.

Call or Write for Complimentary Tickets

We want all music lovers in this community to hear this interesting and convincing test. Complimentary tickets will be distributed to those who apply in person at our store or by mail. You and your friends are urged to attend. Mr. Edison recommends that children under three years of age be not admitted as they do not realize that they can mar the intent of this recital by crying or talking. We advise you to apply early before all tickets are exhausted.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Possibilities of Our Soil
No feature of the present day education is more potent for good to this country than that now being accomplished by the various agricultural schools, experimental stations and farms.

Twenty years ago the "book farmer" was looked upon as a visionary by a large per cent of our farming population, and is even yet so regarded by some, though happily their number is small.

Now the man who intelligently studies his soil with a view to determining its needs is coming to the front as an authority on matters agricultural. And the reason this is so is because his theories have brought forth fruit in fact.

Nothing is more certain than that this country is woefully behind in farming efficiency. For years our farming experts have been pointing out to us the fact that our lands are not producing a half, not even a third, of the crops that bountiful nature intended they should yield. One has only to cite the case of Germany to see the full force of this

DOES RHEUMATISM BOTHER YOU?

Many Doctors Use Musterole
So many sufferers have found relief in Musterole that you ought to buy a small jar and try it.
Just spread it on with the fingers. Rub it in. First you feel a gentle glow, then a delicious, cooling comfort. Musterole rouses the twinges, loosens up stiffened joints and muscles.
Musterole is a clean, white ointment, made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tenderest skin.
It takes the place of the musky, old-fashioned mustard plaster.
Musterole is recommended for bronchitis, croup, asthma, pleurisy, lumbago, neuralgia, sprains, bruises, stiff neck, headache and colds of the chest (it often prevents pneumonia).
MUSTEROLE

statement. Germany is not as large as the state of Texas, yet Germany today is supplying her civil population and her vast armies almost entirely from the products of her own soil.

But Germany and other old world countries have for years practiced intensive farming, a system that is only just beginning to prevail in this country.

Instead of being merely an experiment, intensive farming should be the rule. Nothing more fully demonstrates the truth of this statement than a glance at the results obtained by the many corn clubs of the country. From all directions come reports from these organizations, where the enormous yield of 200 bushels and more per acre has been attained. Not only this, but the reports coming from all sections of the country are proof that almost any of our soil is susceptible to just such improvement.

Then there is another important feature to these big corn yields. It has been shown that they can be produced at a substantial profit over and above the cost of preparing the land for their production. Careful records have been kept of all expenditures, and in almost every instance the proceeds have much more than paid the cost of bringing the soil to its present state of fertility.

If these results can be obtained from an acre, or two or three, why not from ten, or fifty, or a hundred acres? If they can be obtained from EDITORIAL TWO.

The deplorable truth is that too many of our farmers are "necessity" farmers. They ask themselves, "How much do I need?" and then proceed to satisfy that need, and no more. They should rather ask, "How much can I get?" and then get all they can.

It has been estimated that America could feed the world if all her soil were made to produce to its full capacity.

What that capacity is, we are only beginning to discover.

Saint Valentine
It would be an interesting subject for speculation, how far the youth of today distributes sentimental love offerings on St. Valentine's day as his father did before him. Modern young people are keenly alive to absurdities, and the old fashioned sentimental valentine probably would seem ridiculous today.

Most middle aged people, men at least, have memories of Feb. 14, exploits in the period of their teens. It was a time to approach with bated breath. You were desirous of expressing your devotion to your inamorata, and anxious as to how far she would be gracious. The choice of a suitable valentine was a matter of solicitous thought.

The favorite valentine of those days was a lacey sort of affair, beautified by elaborate paper cutting and perforation, decorated with gorgeous Cupids and hearts, with pictures of clergymen and churches in the background to suggest the goal of marriage. Hard earned pennies were cheerfully given up for these artistic productions. How one's heart throbbed when finally the love torn message had been committed, to the post office, and was on its way to its adored destination.

A hasty glance at the present day stocks of valentines does not show much of this kind of thing. St. Valentine's day has become a time when young folks instead of sending one valentine only to some preferred lover, exchange a lot of post cards wholesale.

The young people of today seem a little more normal in the matter of precocious affection. The boy and girl of years ago were too much concerned with the other sex for their own good. Today athletics and social activities take up time and attention in a more wholesome way.

We just can't lose sight of Caranza. No sooner did the shadow of Germany darken our horizon than the old duck conveyed his profound admiration and good will to the kaiser. And everybody laughed.

It is possible, though, that we may face the problem of getting our own boys "out of the trenches by Christmas."

If it is a fact that housewives will soon be unable to serve cabbage, we at least have the consolation of knowing that the kaiser will not be able to serve it either.

GOODRICH BILLS TO COME UP NEXT

Legislature is Expected to Give Attention to Administration Measures on Meeting Today

SUFFRAGE BILL IN WAY YET

Allredge Measure Will 'be Withdrawn From House and Maston Bill Substituted For It

(By United Press.)
Indianapolis, Ind., Feb. 12.—With but three weeks more for the legislative session to continue, both houses on meeting to day were expected to give administration measures immediate attention. Gov. Goodrich is known to be greatly dissatisfied with the poor showing which the legislators have made thus far on bills which the republican party platform and the governor advocated during the campaign.

Under the circumstances the legislators believe they have a good excuse for their seeming neglect of administration bills, however. They have been giving most of their attention to the prohibition and constitutional convention bills which have been passed and now the woman suffrage bill is occupying the attention of the lower house.

It was understood today that the Allredge suffrage bill in the house would be withdrawn and the Maston bill, which has passed the senate would be substituted. The Allredge bill has been amended and is not so satisfactory to the suffragists as the measure which was handed down from the senate. It would not go into effect until October and would prohibit women from voting for delegates to the constitutional convention.

Speaker Eschbach will probably hand the Maston bill to a house committee today. That an attempt will be made to amend the measure in the house is practically certain. Amendments similar to those placed on the Allredge bill will be attempted.

Woman backers of the measure are confident, however, that these will be defeated. Mrs. Felix T. McWhirter, president of the Legislative Council of Indiana women, declared today that a poll of the house showed sixty representatives favored the bill; thirty-five opposed and five were doubtful.

SAYS MUSIC HELPS CUT PRICE MEALS

Chicago University Professor Declares it Aids in Solving Great Problem.

SUGGESTS BANJO FOR CHICKEN

(By United Press.)
Chicago, Feb. 12.—Music with your meals solves the high cost of living problem if it's the right kind of music with the right kind of meals, according to Dr. Harry D. Kitson of Chicago University, here today.

"You eat a T-bone steak while the orchestra plays a waltz," said Dr. Kitson. "And next day you hear that waltz and you want another T-bone."

"You'd want it just as bad if it was liver and bacon the waltz had been played to, or hash. So there you have it. Develop your taste for moderate priced food by playing the appetite into yourself with any kind of musical instrument handy."

"Play a banjo for chicken a la Maryland, a jazz-band for chop-suey and a saxophone for succatash."

WEATHER FOR THE WEEK

Washington, Feb. 12.—It will be moderately cold at the beginning of the week, followed by a pronounced change to higher temperature Monday and Tuesday, and by moderate temperature thereafter. Except for local rains or snows Tuesday or Wednesday, the week will be generally fair.

There will be a penny supper at the basement of the Christian Church on Friday evening, Feb. 16.

IS OPPOSED BY A LARGE LOBBY

Governor Goodrich Authority For Statement That Special Interests Harass Legislators

FIGHTING FOR TAXPAYERS

Every Tom, Dick and Harry Haying An Axe to Grind is On Scene Doing His Best

Indianapolis, Ind., Feb. 12.—Governor Goodrich is authority for the statement that an unusually large lobby composed of representatives of special interests is harassing members of the Indiana Legislature, having made this declaration in a public address the other day.

Governor Goodrich is fighting the fight of the taxpayers of Indiana; he is trying to prevent reckless waste of the state's funds by abolishing hundreds of useless offices and increasing the efficiency of the state government. The battle array is the governor, as a representative of the taxpayers, against a horde of selfish individuals who don't care a rap for the state of Indiana or the taxpayers. The governor is on the scene but the taxpayers are at home, trusting the new chief executive to win their fight. Also, on the scene, is every Tom, Dick and Harry who has an axe to grind or a personal root to feather and they are moving heaven and earth to have their will make the will of the legislature of Indiana.

What is the result? The members of the legislature are hearing only from the representatives of the special interests and the talk they are hearing is loud and long. So far, they have heard but little from the taxpayers who have been inclined to accept the legislators' pre-election pledges with all sincerity. The time has come, however, when the taxpayers of Indiana should not take too much for granted—They should drop a letter to their representatives and senators and let them know in no uncertain language that they want them to back Governor Goodrich to the limit in every single move he makes in the interest of economy in the conduct of the state's business. There can be no half way approval of the Governor's course—it is either all right or all wrong and the legislator who supports some of them cannot justify his position when he opposes others as every single recommendation made by Goodrich has for its single aim conservation of the state's resources.

You are a taxpayer? Don't you think, then, that it would be to your interest as well as to the interest of Indiana, for you to get into this fight against the special interests? Don't you think it would be advisable to take your place in the line-up right along side of your fearless, Indiana-loving Governor? He needs your active co-operation and needs it now—not next week or next month. Why not write to representative and senator today and give them your ideas? They will welcome hearing from you and the knowledge that they have the positive backing of the men who made them will make it easier for them to withstand the arguments and blandishments of the representatives of the special interests who will not allow them to get out of their sight as long as the Indiana legislature is in session.

The governor's call is clear. If every lover of better government in the state responds, the new, stout-hearted chief executive, representing the people of Indiana, will win a signal victory all along the line over the host of lobbyists who never did nor never will care what happens to Indiana.

exhausted, it will be impossible under the law's provisions to replenish the stock, except by personal manufacture of wines for individual domestic consumption only, or by bringing liquors or malt beverages from outside the state for personal use only, such transportation to be made without the aid of any common carrier.

Attorneys who understand the law's prohibitions say that the only methods of bringing intoxicating liquors into the state of Indiana, for use as a beverage after the law goes into effect will be by persons carrying such liquor to their homes on foot from other states, or carrying it in vehicles belonging to the individual who desires to use the beverage, provided that such a vehicle is not a "common carrier." Except in the border regions of the state where "wet" territory is just across the line, it will be a difficult matter to obtain liquor for private use, these attorneys say.

One section of the law will affect materially all classes of publications, or other advertising mediums that have carried liquor advertisements in the past.

"It shall be unlawful," reads the act, "for any person, association or corporation, either directly or indirectly to advertise intoxicating liquor in this state for sale or gift in any newspaper, periodical, circular, handbill or price list, or on any sign, signboard, billboard, bulletin board, or in any manner whatsoever; or for any owner, officer, or person in charge of any newspaper, periodical, sign, signboard, billboard, bulletin board, printing office, or any other person to publish or distribute any matter in this state which either directly or indirectly advertises intoxicating liquor for sale or gift."

This section, according to attorneys, will prohibit absolutely any newspaper, magazine or other publication from coming into Indiana from other states, with advertisements of liquor "for sale or gift" in them. Attorneys say that in other states, where such prohibition laws as the Wright law have gone into effect, it has been necessary for some of the magazines and newspapers, of national circulation—which carry liquor advertisements—to print special editions of their publications, with such liquor advertisements blotted out, or otherwise effaced. This has happened in Alabama and other states, according to these attorneys, and the same condition will obtain in Indiana, they say, as soon as the Wright act goes into effect.

SINKING RECALLS GIRLS' EXPERIENCE

California, Torpedoed Last Week, Same Vessel on Which Local Party Went Abroad in 1914

SHIP WENT ON ROCKS THEN

The Anchor liner California, which was sunk off the coast of Ireland last week by a German submarine, is the same vessel on which Miss Henrietta Coleman of this city and a party of friends had a harrowing experience in June, 1914. A story in the Columbus Republican says that Miss Carrie Ong of Columbus, who is known here and visits here frequently, recalled the experience. She together with Miss Genevieve Brown and Miss Helen Scott, formerly school teachers here, were in the party.

They were aboard the California when she went aground off Tory Island, near the coast of Ireland. The accident was caused by a dense fog. Passengers were taken off in safety but the experience is one that the party of school teachers will never forget. Miss Coleman and her party were taken ashore and continued their trip, but were stranded in Italy by the outbreak of the war.

It is considered a strange coincidence that the California should be torpedoed and sunk in the immediate vicinity of where she had the accident almost three years ago. At that time, she was removed from the rocks, towed to Glasgow where she was repaired and put into the service again.

MUCH INTEREST IS SHOWN IN REVIVAL

Evangelistic Singers From Keokuk, Iowa, Will Conduct Singing at Baptist Church Tonight

THREE ADDITIONS SUNDAY

The meetings at the First Baptist church are being continued with a great amount of interest, as was shown by the immense crowds that attended both services yesterday. The main auditorium was crowded last evening.

This evening, in addition to the regular sermon by the Rev. C. B. Jones of Greensburg, Mr. and Mrs. Edward Laubershirmer of Keokuk, Iowa will conduct the singing. They are evangelistic singers who are passing through here and may possibly stay for the remainder of the meeting. The services will continue every evening this week and probably next week.

Three additions were made to the church yesterday. The Rev. S. G. Huntington filled the pulpit of the Rev. Mr. Jones in Greensburg yesterday morning. The Rev. Mr. Jones is preaching inspiring and convincing sermons.

About twenty-five guests, including the members of the Friday Afternoon Embroidery Club, were prettily entertained at the home of Miss Mary Amos in North Perkins street on Saturday afternoon. Several invited guests shared in the hospitality of the hostess. An informal afternoon during which there was sewing and chatting was followed by the service of an elegant buffet luncheon. Two delicious courses were served in this way in the dining room.

An elegant dinner was served at the home of Mr. and Mrs. Charles Brown in West Fourth street last evening when several of their friends gathered to spend the evening together. The dinner was served in pitch-in style and followed by a social period. Guests for the delightful evening were Mr. and Mrs. John Worthington, Mr. and Mrs. Lote Carter, Mr. and Mrs. Ernest Mitchell, Mr. and Mrs. Fred Cochran, Mrs. Lela Jackson Weeks, Mr. and Mrs. Ed Pittman, Mr. and Mrs. Walter Easley, Mr. and Mrs. Jess Poe and Dr. and Mrs. Charles Green.

"J. C. Snafe's book, 'The Sailor' is interesting because things happen in it that would be interesting to anyone and the sailor himself would be interesting any place," said Miss Margaret Donnan concerning one of the books she reviewed at the meeting of the Donnan class held at the home of Mrs. B. F. Miller on Saturday afternoon. The speaker complimented the book very highly because of the interest it contains and the unusualness of it, dealing with realism and romanticism.

The next meeting of the class in two weeks will close the series of very interesting talks by Miss Donnan on the modern novels. The place of meeting is to be announced later. At this time, several plays by Bernard Shaw will be reviewed.

In speaking of "The Sailor," Miss Donnan commented that the characters by their weirdness remind one of the characters in Dickens. "The leading character in the book shows the evolution of genius," she declared. "He starts with every handicap and through his dark environment, he bursts into beautiful bloom. The author conscious of his genius, paints the character of Henry Harper, who is the sailor, with marked skill. He shows extra touches in the boy which mark a genius. The tone of the story is in the very first sentence in the book," said Miss Donnan as she quoted the very first sentence which casts the dark atmosphere characteristic of that which follows. "The Henry Harper, who as a little boy cowers from a black snake whip in this first chapter, is the one who lives through difficulties similar in the succeeding ones."

Miss Donnan then followed the incidents through which the boy passed, his running away, his finding a wonderful home, his being turned out with the choice of going to sea or to the police home, of which he chose the former. She showed the boy, who as a joke on seaboard among the desperate sailors, was mistreated by them. "Here he learned the lesson," she said, "to keep on keeping on." Klondike, one of the passengers on board, was the one person who took a liking to poor little Henry and was interested in him to the extent that he started him in the education that the boy craved and had never had. Later as a goal keeper, he became the hero of an athletic team in Black Ampton.

The whole story was recited in a very interesting manner after which Miss Donnan read from the volume.

the book. She recommended it very highly.

Psi Iota Xi will be entertained on Wednesday evening of this week by Miss Mary Anderson and Miss Laura Holden at the home of the latter in East Seventh street.

There will be a called meeting of the Happy-Go-Lucky club on Thursday afternoon at the home of Mrs. Austin Frazee in East Sixth street. The meeting will be called at 2:30 o'clock.

The members of the Men's Bible class of the United Presbyterian church, taught by the Rev. John T. Aikin, will be entertained at the home of Wash Allen in West Second street Friday evening with a social.

Mr. and Mrs. E. A. Frazee entertained at dinner yesterday at their home in East Sixth street. An elegant turkey dinner was served and guests were Mr. and Mrs. Albert Denning, Mrs. Ira Clawson, Mr. and Mrs. Walter Conaway, Mr. and Mrs. J. M. Amos, Mr. and Mrs. Albert Winslow, Mr. and Mrs. J. P. Frazee and Mr. and Mrs. Edward Frazee.

Mrs. Horace Glidden entertained with a family dinner Sunday at her home near Raleigh. The following were present: Mr. and Mrs. B. F. Martin and son, Franklin; Mr. and Mrs. Eli Martin and children; Mr. and Mrs. Amos Glidden; Mr. and Mrs. and Mrs. Russell Baker, Mr. and Mrs. Ralph Elwell and Mrs. Lillie Rea and son, Harry.

Mr and Mrs. O. M. Harton entertained informally Saturday evening at their hospitable country home near the city. The guests spent the evening in playing "500" and near the end of the games, the host and hostess served a delicious one course luncheon, in which the suggestion of Valentine day was in the appointments. The guests of Mr. and Mrs. Harton were Mr. and Mrs. Charles Winslow, Mr. and Mrs. Bert Osborne, Mr. and Mrs. Cliff Winslow, Mr. and Mrs. Hubert Innis and Mr. and Mrs. O. P. Wamsley.

A number of friends of Mrs. J. H. Stevens surprised her with a pitch-in dinner last evening at her home, 609 West First street, the occasion being her fifty-sixth birthday. The following were present: Mr. and Mrs. Jesse Carpenter, Mr. and Mrs. Frank Holden and children, Mr. and Mrs. Percy Wright and son, John, Mr. and Mrs. Will Jones, Mr. and Mrs. E. C. McMahan, Mr. and Mrs. James Marshall, Mr. and Mrs. Wilbur Stevens and daughter, Kathryn Maude, Mrs. Edna Dagler and children; Mrs. Ellen Rydner; Miss Maude Hunt, Miss Rema Offutt, Mrs. Eva Offutt and Omer Stevens.

APPEAL TO THE GOVERNOR

Many From Over State See Great Distress Due to Coal Shortage.

(By United Press.)

Indianapolis, Ind., Feb. 12.—Appeals reached the governor's office from all parts of the state today, declaring that if coal is not received immediately there will be great distress.

E. D. Johnston, Connorsville, telephoned and asked if some steps could not be taken immediately to guarantee a supply of coal for Indiana's public utilities.

BEEKEEPERS ARE WARNED

Should Examine Colonies, According to State Entomologist.

Indianapolis, Ind., Feb. 12.—Warning to beekeepers to examine all colonies to see whether there is enough honey to last until spring, was issued today by State Entomologist Frank N. Wallace. Due to the warm days this winter, many hives of bees have consumed most of the stores, according to Wallace.

"If the hives are light, a heavy syrup may be fed the bees," Wallace stated, "by placing a pan under the brood frames. Use granulated sugar, two and one-half parts to one water and boil thoroughly, until dissolved. Add one teaspoonful of tartaric acid to each twenty pounds of sugar to prevent it from crystallizing and put the syrup in the hive while the bees are out."

STEPS OVER LINE ESCAPING DEATH

Naturalized Mexican Got Out of Facing Firing Squad by Clever Strategem

PROTECTED BY U. S. TROOPS

(By United Press.)

El Paso, Tex., Feb. 12.—By a clever stratagem Leopold Galeviz, a naturalized Mexican, escaped death before a firing squad in Juarez. Under arrest as a Villa spy and sentenced to death at sunrise, Galeviz affected a confession and offered to show the Carranza officer where Villa had cached ammunition.

He lead them along the Rio Grande to where the states of Texas and New Mexico touch the International line. Suddenly he dismounted and jumped across the imaginary line into the arms of the Georgia national guard border patrol commanded by Sergeant Joseph Avans and demanded protection as an American citizen.

The Carranza officers angrily demanded his return as a traitor. The Americans gave the Mexicans a receipt for the prisoner. Upon delivery to the immigration station Galeviz proved he was an American citizen and was released.

NOW KNOWN THAT HE WAS ELECTED

Ballots of Electoral College Officially Canvassed by Vice-President Marshall

WITNESSED BY CONGRESS

(By United Press.)

Washington, Feb. 12.—President Wilson was today officially declared the next President of the United States.

Before both Houses of Congress assembled in the House of Representatives chamber—according to Constitutional provision—Vice-President Marshall, formally opened and counted the ballots of the 531 Presidential electors, which—as known to the world for three months—placed President Wilson and himself at the helm of government for another four years.

The ballots, sealed and certified by the secretaries of state of the various states, were opened by clerks in the presence of the assembled members and Senators, and checked up by tellers. The result was then announced, and the Senate returned to its chamber, the ceremony concluded.

A GOOD FRIEND

A good friend stands by you when in need. Rushville people tell how Doan's Kidney Pills have stood the test. Mr. Priest endorsed Doan's over six years ago and again confirms the story. Could you ask for more convincing testimony?

Geo. Priest, 223 W. Third St., Rushville, says: "I have been afflicted more or less with kidney trouble for several years. It came on me gradually and each day, I could notice that it was becoming worse. It started with a dull pain directly over my kidneys, dizzy spells followed and there seemed to be specks before my eyes. Doan's Kidney Pills, procured from Johnson's Drug Store freed me from that distressing pain in my back and restored my kidneys to a normal condition."

The above statement was given on March 9, 1910, and on Aug. 26, 1915, Mr. Priest said: "Whenever my kidneys bother me I use Doan's Kidney Pills and they always give me good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Priest has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

GROWNUPS SHOW KIDS HOW TO PLAY

College Professors and Football Players Take Part in Economics Week Program

CO-EDS WILL ALSO HAVE PART

(By United Press.)

Austin, Tex., Feb. 12.—Sedate college professors and husky football warriors will join pretty co-eds tonight in playing "ring-around-a-rosy," "pussy-wants-a-corner" and other more or less interesting "kid games" as part of the program of home economics week.

The games will be staged by the woman's physical training department of the University of Texas as a compliment to the State Canning club agents, who are meeting here. These agents and many rural school teachers complain that one of the hardest things they are up against in training children is co-operative playing. They say they fear modern children are losing the "art of playing."

The profs, foot ballists and co-eds are going to show 'em how.

IS OPPOSED TO LOANING MONEY

Buenos Aires Press Opposes Plan to Give Credit to England—No Exchange Rate

TERM PROPOSAL AS ABSURD

(By United Press.)

Buenos Aires, Jan. 20.—(By Mail) The Buenos Aires press today sat down heavily on a plan for the opening of a 40,000,000 pounds Argentine credit in London, paying 6 per cent interest and secured on 80,000,000 pounds worth of treasury, railroad or industrial securities. This really would be a loan to England.

The scheme is said to have originated in England, as a means of enabling the British to buy Argentine supplies without weighing upon the exchange rate.

La Nacion says such a transaction "would have pernicious and disturbing consequence and would be contrary to the Argentine fiduciary system of effective responsibility by converting the currency or the gold which guarantee it into an instrument of insecure combination of international credit at a time when the Argentine government is appealing to foreign credit to help it out of its financial difficulties."

Even the strongly pre-English Standard, of Buenos Aires, says "the proposal for a loan of any kind from Argentina to Great Britain is absurd."

SENATOR L. FOLLETTE PULLS SILKEN BEARD OF SENATOR LEWIS

Washington, Feb. 12.—To prove that even though they oppose each other in political matters, the best of feeling exists between Sen. LaFollette, Wis., and Sen. Lewis, Ill., Lewis laughed the other day when LaFollette pulled his (Lewis') silken whiskers during a session of the Senate.

The friendly spat occurred during a roll call. Lewis good naturedly interrupted LaFollette in what appeared to be an intensely interesting story.

Desperately twining his index fingers in the soft silken beard of the Senator from Illinois, LaFollette gave it a none too gentle jerk.

Lewis resumed his seat but for some time held his hand to the spot where the aforesaid whiskers were anchored.

MAGNATES OPEN ANNUAL SESSION

Big League Bosses Will Doubtless Let Fans Know There Was no Chance for Strike

MANY WRANGLES EXPECTED

Proposition to Change Prices for World's Series Games May be Brought Up

By H. C. HAMILTON

(U. P. Staff Correspondent.)

New York, Feb. 12.—Suffering from doubtless will learn today to its great relief that there never has been a chance for baseball players to pull off their threatened strike, and that all talk of such action is worthy only of youthful minds.

The two major leagues will hold their annual schedule and rules committee meetings in New York, beginning today, and all sorts of reasons for laughing at the strike are expected to emanate from the subdued air at the Waldorf hotel.

If Dave Fultz thinks he has a players' strike in operation he should be a witness at today's proceedings, for it is time he was told differently. The strike will be officially called null and void so far as baseball magnates are concerned.

Besides this momentous announcement several wrangles are expected to develop in what otherwise would be a peaceful session. The National league head, John K. Tener, wants some changes made in the playing rules and so do a few others.

Tener believes the plate is too small, judging apparently by the efforts of some pitchers who draw pay checks from his cohorts, and he wants it broadened a full inch. Also, he will suggest with great concern that three balls should constitute a walk, and not four. Many other suggestions which have been talked of are expected to find the light of day.

Changes in admission prices for world's series contests probably will be brought up also. The American league already has gone on record as favoring a reduction in the tax for turnstile power. Ban Johnson wants only a double price for admission to all sections except boxes, which he would sell at \$5 each.

Ban Johnson, also is expected to project his theory of a home for aged ball players—on which Mike and Joe Cantillon, who have been operating a similar place for years—have been working for some time. In fact, it was three years ago when Joe Cantillon first conceived the idea and began putting it up to ball players. However, Ban takes the credit and is expected to talk about it.

EARL PRIEST RESIGNS

Ed Lowden Elected Secretary County Live Stock Insurance Co.

A change in the officers of the Rush County Mutual Live Stock Insurance company was made Saturday when Earl Priest resigned as secretary. Ed Lowden was elected as secretary and Rue Webb was named vice-president. Mr. Lowden was vice-president and his election to the secretaryship left a vacancy to which Mr. Webb was elected. Earl Priest resigned because of ill health. The affairs of the company are coming along nicely and the officers hope to have the policies issued by the last of this week. The membership is now close to 500.

PLEAD FOR FAMILY WORSHIP

(By United Press.)

Chicago, Feb. 12.—The importance of bringing back to popularity the old time custom wherein the other members gathered round while Father read the Bible, will be stressed at the meeting of the Student Workers' organization of the Episcopal church in America here today. "And God may speak in the home," said Secretary William E. Gardner of the General Board of Religious Education, of the church, "in many other ways than by formal family worship."

Always use the best; that's Red Cross Ball Blue. All leading grocers sell it. 5 cents.

REO

The Oldest Car in the Show
---Yet the Most Interesting

ISN'T IT REMARKABLE how the crowds linger around that wonderful old Reo the Fifth chassis, study it point for point, inquire, admire, go away and compare—and inevitably drift back again?

ISN'T IT A TRIBUTE to Consistency of Policy—to Good Intent; to Sound Engineering; to Quality of Workmanship; and finally, to Reo service—the way they pay homage to that Reo the Fifth?

IT ISN'T NOVEL in the sense that some of the sensationally new inventions are.

THAT STRIPPED REO chassis has been a feature of every national automobile show for now eight successive seasons—in practically its present form.

JUST REFINED and improved in minor details from year to year (yes, month to month, for we Reo folk do not make "season models" nor wait till just before Show-time to make changes. We make them any time their need is apparent—or we learn how) —

AS WE WERE SAYING: that Reo chassis has been a feature—yes, the feature—of the Show for several years—yet its popularity is greater now than ever, if crowds are any criterion.

JUST GOES TO SHOW that people are learning—that experience does teach. Experienced motorists, the seasoned Old Timers, are not looking for a car that is "different" but for one that is better.

AND THEY'VE FOUND that kind of car in Reos.

THE NEW REO SIX is beginning to rival the great Reo the Fifth in popularity. It will be a strong rival when there are as many in the hands of owners.

AS IT IS, REO the FIFTH has a tremendous advantage over the Six—more than one hundred thousand owners are singing its praises daily and hourly, while less than twenty thousand as yet know the Reo Six at first hand.

BUT SHE'S GAINING—just as rapidly as we can make them.

OF COURSE WE DON'T try to make all the automobiles—the best ones. So naturally there's always an over-demand for Reos, all Reos, trucks as well as pleasure cars.

BUT WE WILL make fully twice as many Sixes the coming year—so next show time Reo the Fifth, that "incomparable" Four, will have to look to her laurels!

BUT BLESS YOU, no other than a Reo could ever hope to match a Reo either in popularity or performance!

PAID YOUR RESPECTS YET!—you owe it to yourself to do so. See the Reos—compare—then get your Reo while the getting's good. There won't be—never has been—enough to go around.

PRESENT PRICES apply only to orders for immediate delivery—we reserve the right to increase them without notice—may be compelled to at any time.

SO DON'T DELAY. Order and get your Reo now—if you can. If you delay there will be too many ahead of you. Today won't be a minute too soon.

Reo Motor Car Company, Lansing, Michigan.

To Live Long!
A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat. The skin helps to eliminate the toxic poisons and uric acid." For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength). This is a wonderful eliminant of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

HOME FOLKS TESTIFY.

Fort Wayne, Ind.—"I have been made most comfortable by the use of Dr. Pierce's Anuric Tablets. When I started to take this medicine my right kidney pained me at each excretion and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—Mrs. S. J. Roberts, 917 Cottage Ave.

Young Girls Chosen By Lot In Early Valentine Celebrations

There really was a St. Valentine but whether the peculiar celebration of the day has any connection with the saint has never been proven, and by those who have given time, thought and labor to the question, is considered doubtful. Valentinus, was a Roman bishop and was martyred in 270, during the reign of Emperor Claudius.

The Romans celebrated the Lupercalia in the month which came to be called February. The Lupercalia were feasts in honor of Pen, the god of hunters, shepherds and rustic folks, and of Juno, the great queen of nuptial rites. In the course of these feasts, the celebrants were struck with thongs which were called "februa." Thus, some authorities hold, has come the name of the second month, though there are those who maintain that February comes from the "febrile month," or the month of fevers.

One of the features of Dies Februatus, the day of the thong-lashing, was that young girls were chosen by lot by young men. Each youth secured a mate for life or a part of life, and because of this mate-drawing the day came to be closely associated with matchmaking and marriage. When the pastors of the Christian church were trying to root out paganism, and yet leave the people certain of their festival days, they brought about a modification of the wife-drawing. HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets
If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.
Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.
To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.
Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.
They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

PUBLIC SALE OF LIVE STOCK

The undersigned will sell at Public Sale at the Cullen farm, one and one mile west of Rushville, on

WEDNESDAY, FEBRUARY 14th, 1917

the following described live stock
12 Draft Mares 12
These are a useful lot with plenty of size, bone and substance, four to eight years old, sorrels, bays, browns, blacks and grays. Some good pairs among them. Ready any day for the plow. Some in foal.
AVAIL YOURSELF OF THIS OPPORTUNITY

30 Head of Cattle 30
TWELVE SHORTHORN COWS AND HEIFERS
This is an exceptionally good bunch, all bred to Registered bull, some with calves at side. A lot of first class milkers.
Five Polled Shorthorn bulls, almost ready for service, an extra fine bunch. Also a few heifer calves. One coming two-year-old steer, a good one. The red, white and roans were never more popular. Buy a few good ones.
SIX HEAD OF SELECT JERSEY COWS
to be fresh soon or calves at side. This is a chance for a good butter cow.

85 Head of Hogs 85
60 — DUROC SOWS — 60
This, I think, is one of the best and most uniform offerings I have ever presented to the public and certainly there was never a more opportune time to invest in a good brood sow. They are strictly pure-bred, out of mature sows and boars and bred to boars out of \$500 and \$1000 sires, for March and April farrow. They have had plenty of exercise, are strong and vigorous and should prove a profitable investment at almost any price. Come, take a few good ones home with you.

ONE YEARLING BOAR. TWO SPRING BOARS.
TWENTY-FIVE CHOICE FEEDERS

20 Shropshire Ewes 20
Sired by an Imported Ram
Their dams and grand-dams for several generations are also by Imported sires. One to four years old, bred to Registered Ram. Sheep and wool are so high in the market I hesitated to make this offering, but hope the opportunity to get a few such ewes will be appreciated.

Sale to be held entirely under cover at the Cullen farm, beginning at 10:00 a. m. sharp, Wednesday, February 14, 1917.

Delay of Congress Has Representatives of Bridge Concerns Worried—No Time Set

TO COST COUNTRY MILLIONS

(By United Press.)

Washington, Feb. 12.—Representatives of bridge concerns are worried because congress seems in no hurry to authorize construction of several million dollars worth of proposed bridges across government streams.

Among the important bridges, construction of which is held up for other legislation, are:

Railroad bridge across Mississippi at Remidji, Minn. Combination bridge across Mahoning at Lowellville, Ohio. Wagon bridge across St. Francis northwest Parkin, Ark. Wagon bridge across Red River of North between Polk county, Minn., Grand Forks county, N. Dak. Railroad bridge, reconstructed across Allegheny at Allegheny, N. Y. Wagon bridge across Red Lake river, Pennington county, Minn. Wagon bridge across Cumberland, Montgomery county, Tenn.

WANT NO FREAK LAWS

(By United Press.)

Bismarck, N. D., Feb. 12.—North Dakota's former legislature isn't going to take up its time with freak bills. This became apparent today when the only near approach to a freak on the calendar was a bill providing that bob sleds shall be 56 inches wide. This is not freakish, since smaller gauge runners cut up snow roads in this snowy country.

ELECTION PROBE REPORT EXPECTED

Indications When Federal Grand Jury Convenes Today are for Returns This Week

INVESTIGATION FINISHED

(By United Press.)

Indianapolis, Ind., Feb. 12.—When the federal grand jury which has been probing election frauds in Indiana for the past three months, met today, it was believed that a report would be ready before the weekend. The jury was to meet, following a short recess, last Thursday but postponed convening until today owing to the illness of the foreman.

It is believed that the grand jury has practically completed its investigation. A few days will probably be spent in gathering up the loose ends on the Evansville and Gary probe of elections last November and of the Marion county frauds of 1914.

That wholesale indictments will be returned is practically certain. The recess was taken, according to reports around the federal building, in order to give the federal officials time to prepare the indictments.

Elephants

The wonderful thing about an elephant is his nose.

He can wave it. He can wrap it around his ear. He can chase flies up and down his back with it. And if he happens to be traveling in a stock car he can send it out for air.

Think what a man could do with a nose like that. When his wife smelled smoke he could sit where he was and sniff in the other rooms. And when it came to Dutch lunches he could hang his nose out the window and enjoy his limburger in peace. O for a wandering nose!

I have a few Planters, Two Row Plows, Deering Discs, Deering Binders and Mowers and I. H. C. Spreaders that I can sell at the price I sold them at.

I also have a fine lot of Little Red Clover Seed and Timothy Seed.

Don't forget we repair and oil your old harness cheaper than you can do it yourself.

FOR FOUR ISSUES

What Makes a Public Sale a Success?

The first essential is to have goods that other people want. The next essential thing is to let the public know you are going to have a sale and to get them to attend it.

The Greater the Crowd, the Better the Bidding

Have your Public Sale Bills printed in a good clear type, on a bill large enough to be read without glasses, and with a heading PUBLIC SALE in bright red ink. The Daily Republican is the originator of this Red Head Sale Bill—it is a bill which will assure one of a big attendance.

Another Important Point

PUT YOUR SALE AD INTO THE FARMER'S HOME

Place your sale bill, as an advertisement, in the Daily Republican. It goes directly into a man's home. That is what he reads and there is where he will read your announcement. The Daily Republican is read by 6,000 people in Rush County; of this number 50% are farmers. The price of an advertisement is so small, when you consider the benefits that you will reap, that you should not overlook the important thing. For an example of the cost, see our illustration at the left.
